3.0 Statement of Ethics and Conflict of Interest

Date of adoption / Last revision: March 31, 2021

USA SWIMMING STATEMENT OF ETHICS AND CONFLICT OF INTEREST POLICY

SECTION 1. STATEMENT OF ETHICS

USA Swimming, Inc. (“USA Swimming”) seeks to promote a culture of ethical conduct within its organization and throughout its membership. USA Swimming is committed to developing and implementing policies and procedures to equip its members with the guidance and resources necessary to navigate ethical issues. This Statement of Ethics and Conflict of Interest Policy are intended to reflect certain organizational values, including respect for others, integrity and honesty, competence and accountability, and teamwork.

SECTION 2: CONFLICT OF INTEREST POLICY PURPOSE AND COVERED INDIVIDUALS

USA Swimming’s Board of Directors (the “Board”), officers, committee members, task force members, hearing panel members, volunteers, and employees (“Covered Individuals”) have the responsibility of administering the affairs of USA Swimming honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of USA Swimming. Those persons shall exercise the utmost good faith in all activities and transactions involved in their duties, and they shall not use their positions within USA Swimming, or knowledge gained there from, for their personal benefit. The interests of the organization must be the first priority in all decisions and actions. USA Swimming requires that Covered Individuals recognize and avoid activities, transactions, relationships, or investments that involve, might appear to involve, or could result in a potential conflict of interest. Additionally, where reasonable, contractors shall be required to comply with this policy in their written contracts.

SECTION 3. CONFLICT OF INTEREST DEFINITION

A conflicting interest may be defined as an interest or relationship, direct or indirect, with any of the following:

1. Persons and firms supplying goods and services to USA Swimming.
2. Persons and firms from whom USA Swimming leases property and equipment.
3. Persons and firms with whom USA Swimming is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities, or other property.
4. Competing or affinity organizations.
5. Donors and others supporting USA Swimming.
6. Agencies, organizations, and associations which affect the operations of USA Swimming.
7. Relatives, friends, close associates, and other employees.

Such an interest might arise through the following activities, including but not limited to:

1. Owning stock or holding debt or other proprietary interests in any third party dealing with USA Swimming.
2. Holding office, serving on the board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with USA Swimming.

3. Receiving remuneration for services with respect to individual transactions involving USA Swimming.
4. Using USA Swimming's time, personnel, equipment, supplies, or goodwill for anything other than USA Swimming-approved activities, programs, and purposes.
5. Receiving personal gifts or loans from third parties dealing or competing with USA Swimming¹.

For example, a member of the USA Swimming Nominating Committee (including athlete members) may have a potential conflict of interest if a family member is applying for nomination to the Board.

In the event an individual is unsure whether they may have a potential conflict of interest, they should contact the Ethics Committee.

SECTION 4. CONFLICT OF INTEREST POLICY INTERPRETATION

The relationships and activities of potentially conflicting interest listed in Section 3 are not exhaustive. Conflicts might arise through other relationships or activities. Covered Individuals must recognize such relationships and activities by analogy. The fact that one of the interests described in Section 3 exists does not necessarily mean that a conflict exists, or that the conflict, if it exists, is material enough to be of practical importance, or if material, that upon full disclosure of all relevant facts and circumstances it is necessarily adverse to the interests of USA Swimming. However, Covered Individuals must disclose the existence of any of the relationships and/or activities described in Section 3 before any related transaction is consummated. It shall be the continuing responsibility of Covered Individuals to scrutinize their transactions and outside business interests, investments, and relationships for potential conflicts and to immediately make such disclosures to USA Swimming. Additional guidelines intended to assist Covered Individuals when making personal decisions relating to ethical behavior and conflict of interest include:

1. The business of USA Swimming is to be conducted in observance of both the spirit and letter of applicable federal and state laws.
2. USA Swimming properties, services, opportunities, authority, and influence are not to be used for private benefit.
3. Expenses incurred in furtherance of USA Swimming business are to be reasonable, necessary, and substantiated.
4. All are expected to exhibit honesty, loyalty, candor, and professional competence in their relationships with USA Swimming and with each other.
5. Each Covered Individual has the responsibility to maintain the confidentiality of the organization. This includes both proprietary and sensitive information.

SECTION 5. DISCLOSURE POLICY

Each Covered Individual shall annually sign a Disclosure Statement which affirms such individual:

1. Has received a copy of this Conflict of Interest Policy,
2. Has read and understands this Conflict of Interest Policy,
3. Has agreed to comply with this Conflict of Interest Policy, and
4. Understands that USA Swimming is a charitable organization and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

¹ Additional information regarding the receipt of gifts is outlined in USA Swimming's Gifts and Entertainment Policy.

As new potential conflicts of interest arise, Covered Individuals must update their written disclosure.

Moreover, Board and committee minutes must include the following when a potential conflict of interest is involved in a discussion:

1. The names of the persons who disclosed or otherwise were found to have an interest in connection with an actual or possible conflict of interest, the nature of the interest, any action taken to determine whether a conflict of interest was present, and the Ethics Committee's decision as to whether a conflict of interest in fact existed.
2. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

SECTION 6. DISCLOSURE PROCEDURE

1. All Disclosure Statements will be provided to the Ethics Committee for review. The Ethics Committee must document its review of any disclosures, by confirming by signature on the Disclosure Statement that each Disclosure Statement has been considered. After disclosure of the conflict or potential conflict of interest and all material facts, and after any needed discussion with the interested person, the Ethics Committee shall decide if a conflict of interest exists and if there are mitigating measures that could be implemented to permit USA Swimming to move forward with the transaction or activity. If the Ethics Committee determines that Covered Individuals must take certain steps to manage or avoid their potential conflict, that direction must be provided to the Covered Individual in writing and the Covered Individual must acknowledge receipt and understanding in writing, including recognition that directives must be followed as a condition of membership. Transactions with parties with whom a conflicting interest exists may be undertaken only if all of the following, at a minimum, are observed: The conflicting interest is fully disclosed to the Ethics Committee;
2. The Ethics Committee has reviewed the Disclosure Statement and considered alternatives to the proposed transaction or arrangement.
3. If the Ethics Committee determines that a more advantageous transaction or arrangement, free of any potential conflict of interest, is not reasonably possible under circumstances, the Ethics Committee shall determine whether the transaction or arrangement is in USA Swimming's best interest, for its own benefit, and whether it is fair and reasonable.
4. In conformity with the above determination, the Ethics Committee shall inform the Covered Individual and the Board or committee in writing whether there is a conflict of interest precluding USA Swimming from entering into the transaction or arrangement, or if there are mitigating measures that may be implemented to alleviate concerns regarding the potential conflict of interest.
5. The person with the conflict of interest must be excluded from the discussion and approval of such transaction.

Additionally, the following individuals must complete separate disclosure forms: 1. Members of the Selection Procedure Approval Committee, who are responsible for the creation and enforcement of selection procedures 2. Any staff members involved in the creation and enforcement of selection

procedures; and 3. Members of any panel empowered to resolve grievances The Secretary & General Counsel will distribute disclosure forms to the individuals listed above prior to (a) creating and enforcing a selection procedure or (b) sitting on a grievance panel. To the extent that any conflicts are identified in these Disclosure Forms, the Ethics Committee will review these Disclosure Forms as outlined above, prior to that individual's service.

SECTION 7. VIOLATIONS OF THE CONFLICTS OF INTEREST POLICY

Members of USA Swimming must report potential conflicts of interest violations to the Ethics Committee; USA Swimming strictly prohibits any retaliation for reporting any alleged violations of this Conflict of Interest policy. The Ethics Committee will investigate reports of any alleged violation of this Conflict of Interest Policy; if the Ethics Committee has reasonable cause to believe a Covered Individual has failed to disclose an actual or possible conflict of interest, or if the Ethics Committee determines that a Covered Individual has not followed one of its directives subsequent to disclosure, it shall inform the Covered Individual of the basis for such belief and afford the Covered Individual an opportunity to explain the alleged failure to disclose. After the Ethics Committee reviews the Covered Individual's response, it will generate a report of its investigation and findings, and submit such report to all interested parties, as well as to the President & Chief Executive Officer (the "CEO") of USA Swimming and the Board. If the Ethics Committee determines the Covered Individual has failed to disclose an actual or possible conflict of interest, or violated one of its directives following a disclosure, it will take appropriate and reasonable disciplinary and corrective action, including, but not limited to, retroactive disclosure and/or removal from the Covered Individual's leadership position(s) within the organization. The severity of the disciplinary or corrective action will depend upon the severity of the violation. In the event a member of the Ethics Committee is the subject of the alleged violation and subsequent investigation, the CEO shall refer the matter to outside counsel. Any appeal of the Ethics Committee's decision shall be referred to the National Board of Review.

SECTION 8. CONTACT INFORMATION

4.0 Whistle Blower and Anti-Retaliation Policy

Date of adoption / Last revision: January 28, 2023

Purpose: The purpose of this Whistleblower and Anti-Retaliation Policy (the “Policy”) is to

- i. encourage and provide a mechanism for USA Swimming, Inc. (“USA Swimming”) Board members, officers, employees, members, athletes, committee members, task force members, hearing panel members, and volunteers (“Covered Individuals”) to report alleged Retaliation (defined below);
- ii. encourage cooperation in inquiries and investigations of reported Retaliation;
- iii. protect Covered Individuals, including any good faith reporter or other reasonable party (e.g. witnesses, victims, etc.), from (a) intimidation or threats to prevent good faith reporting of violations under the jurisdiction of USA Swimming’s National Board of Review (“NBOR”), the USA Swimming Board of Directors, the U.S. Olympic & Paralympic Committee (the “USOPC”), the U.S. Center for SafeSport (the “Center”), law enforcement or other governmental or administrative body (b) Retaliation for good faith reporting of alleged violations, or (c) any other form of Retaliation; and
- iv. encourage individuals to report any alleged Violations² in good faith, as well as alleged Retaliation described in (iii).

Additionally, where reasonable, contractors shall be required to comply with this Policy in their written contracts.

Retaliation: No Covered Individual shall suffer harassment, intimidation, adverse employment or livelihood consequences, or any other form of retaliation (“Retaliation”) for (i) making a good faith report of a Violation to USA Swimming, the USOPC, the Center, law enforcement or other governmental or administrative body; or (ii) participating in an investigation by USA Swimming, the USOPC, or the Center, or an inquiry or investigation by

any court, law enforcement, or other governmental or administrative body. “Retaliation” also includes retaliation as described in Article 307 of the USA Swimming Rulebook³ and the definition of retaliation included in Section 220501(b)(11) of the Ted Stevens Olympic and Amateur Sports Act (the “Act”).⁴

² Violations covered under this Policy include, but are not limited to, compliance with the Act, the USOPC Bylaws and policies, USA Swimming’s Bylaws, policies, procedures, state and federal laws, and accounting and financial practices (“Violations”).

³ **ARTICLE 307 PROHIBITIONS AGAINST RETALIATION FOR GOOD FAITH REPORTING OF ABUSE**

307.1 No Member shall retaliate against any individual who has made a good faith report under 306.1 or 304.3.14.

307.2 For the purposes of 307.1, there shall be a rebuttable presumption that any adverse action regarding the employment, membership, or other material rights of an individual who has made a good faith report under 306.1 or 304.3.14 within 90 days of a report is retaliatory. An adverse action includes, without limitation: discharge or termination; demotion or reduction

⁴ “[A]ny complaint, by the Protected Individual or a parent or legal guardian of the Protected Individual relating to the allegation of physical abuse, sexual harassment, or emotional abuse, with the U.S. Center for SafeSport; a coach, trainer, manager, administrator, or official associated with the USOPC; the United States Attorney General; a federal or state law enforcement authority; the Equal Opportunity Employment Commission; or Congress.” Section 220501(b)(11) of the Act adverse or discriminatory action, or the threat of an adverse or discriminatory action, including removal from a training facility, reduced coaching or training, reduced meals or housing, and removal from competition carried out against a Protected Individual as a result of any communication, including the filing of a formal

Additionally, no employee, contractor, agent, volunteer, or USA Swimming itself shall take or threaten to take any action against an athlete as a reprisal for disclosing information to or seeking assistance from the Office of the Athlete Ombuds as outlined in Section 220509(b)(5) of the Act.

Reporting Procedure: Covered Individuals are required to report (in good faith) Retaliation to USA Swimming's Ethics Committee, at the following email address: ethicscommittee@usaswimming.org. Reports may be submitted anonymously (though it may be more difficult to investigate anonymous reports). As members of the Ethics Committee, the following individuals will receive any reports sent to the Ethics Committee's email address: a 10-Year Athlete representative of the Board of Directors, an Independent⁵ Board Member, a Semi-Independent⁶ member of USA Swimming, and USA Swimming's Secretary & General Counsel.

Covered Individuals are also required to report Violations to the appropriate party with jurisdiction over the Violation (e.g., the USA Swimming National Board of Review, the USOPC, etc.). Knowingly making a false report is also a violation of this Policy and must be reported by any Covered Individual as such.

All athlete safety violations must be reported: however, complaints of Retaliation that fall under the exclusive jurisdiction of the Center should be directed to the Center. Nothing in this Policy replaces or changes an individual's obligations under the SafeSport Code for the U.S. Olympic and Paralympic Movement. If the Ethics Committee receives a complaint that may fall under the Center's jurisdiction, it must send the complaint to USA Swimming's Program Director, Safe Sport, who will confirm whether the Center has exclusive jurisdiction over the matter and, if so, will make a report with the Center.

Investigation: Upon receipt of a filed complain, the Ethics Committee shall promptly perform an initial inquiry and, as appropriate, initiate an investigation of reports of Retaliation. A complaint may not warrant investigation following an initial inquiry if, for example, the Ethics Committee determines that it does not have jurisdiction over the matter under this Policy, if there is insufficient evidence, or if the reporting party declined to participate in the initial inquiry. If a member of the Ethics Committee is allegedly involved in or witness to the Retaliation, they will recuse themselves from the investigation.

After the initial inquiry and investigation are complete, the Ethics Committee may decide to initiate a complaint in the name of the Ethics Committee by filing the complaint with the NBOR Chair and requesting a hearing. If the Ethics Committee does not decide to initiate a complaint following an investigation, it may advise the complaining party that, while the Ethics Committee will not initiate a complaint in its own name, the complaining party may still file their complaint directly with the NBOR Chair. If the complaining party chooses to go forward with the complaint, the NBOR Chair may then decide to either assign the matter for hearing or dismiss the complaint. Following a hearing and decision of the NBOR, any real party in interest may appeal any decision of the NBOR pursuant to Article 407 of the Rulebook.

USA Swimming may discipline (up to and including by termination of employment or other association with USA Swimming) a Covered Individual for any such Retaliation. A Covered Individual making a report of a Retaliation in bad faith may be subject to disciplinary action.

The Ethics Committee should coordinate with USA Swimming's Manager, Human Resources, Payroll & Benefits if it receives any allegations of retaliation involving employees. If during an investigation, the Ethics Committee finds that an employee has retaliated against a Protected Individual⁷ the Ethics

⁵ As defined by USA Swimming Bylaw 4.6.4

⁶ As defined by USA Swimming's Rules & Regulations

⁷ As defined by the Act, any amateur athlete, coach, trainer, manager, administrator, or official associated with the USOPC or a National Governing Body. Section 220509(c)(2) of the Act

Committee must immediately report the retaliation to USA Swimming; USA Swimming must immediately terminate or suspend that individual without pay as required by Section 220509(c)(2) of the Act.

Confidentiality: All such reports will be treated as confidentially as possible, given that there may need to be some disclosure to conduct the investigation. For example, USA Swimming may need to waive confidentiality under this Policy based on legal reporting requirements.

5.0 Sexual Misconduct Policy

Date of adoption / Last revision: March 31, 2021

It is the policy of USA Swimming as represented in the Code of Conduct and the SafeSport Code for the Olympic and Paralympic Movement that all of its participants, including, without limitation, member athletes, coaches, officials and volunteers, have the right to participate and compete in an environment that is healthy and positive, free from sexual abuse and harassment.

6.0 Document Retention Policy

Date of adoption / Last revision: March 15, 2021

USA Swimming's legal counsel shall be instructed to inform the President & CEO when document destruction (planned or otherwise) should be halted. The President & CEO will in turn notify the staff and board members. Violation of such orders can result in immediate termination.

8.0 Cookie Policy

Date of adoption / Last revision: March 22, 2021

Please read this “Cookie Policy” carefully as it contains important information on how we, USA Swimming, use cookies and other tracking technologies on our website located at www.usaswimming.org (“Website”). This Cookie Policy should be read together with our Privacy Policy, which sets out how and why we collect, store, use and share personal data generally, as well as your rights in relation to your personal data and details of how to contact us and supervisory authorities if you have a complaint. This Cookie Policy relates only to your use of the Website. Any term capitalized and undefined in this Cookie Policy shall have the meaning in the Privacy Policy.

Cookies

Like most websites, USA Swimming may place a “cookie,” or small file, in the browser files of a visitor’s computer to enable the functionality of the website or use tracking technologies. Some cookies are used to prepopulate forms for you so that on repeat visits to the Website you do not need to re-enter certain information. You can set your browser to disable cookies, but then you would not have the advantage of having certain sections of forms being prepopulated for you, and you may not be able to access certain parts of the Website. You can find more information about cookies and how to manage them at www.allaboutcookies.org.

Our Website uses the following types of cookies for the purposes set out below:

Type of Cookie	Purpose
<i>Essential Cookies</i>	Essential cookies provide you with services available through our Website and to enable you to use some of their features. Without these cookies, the services that you request via our Website may not be possible to provide. We only use these cookies to provide you with those services.
<i>Functionality Cookies</i>	Functionality cookies allow our Website to remember choices you make when you use it. The purpose of these cookies is to provide you with a more personalized experience and to avoid you from having to re-select your preferences every time you use our Website.
<i>Analytics and Performance Cookies</i>	Analytics and performance cookies are used to collect information about traffic to our Website and how users use our Website. The information gathered may include the number of visitors to our Website, the websites that referred them to our Website, the pages they visited on our Website, what time of day they visited our Website, whether they have visited our Website before and other similar information. We use this information to help operate our Website more efficiently, to gather demographic information and to monitor the level of activity on our Website.
<i>Targeting Cookies</i>	Targeting cookies record your visit to our Website, the pages you have visited and the links you have followed. We use this information to display our advertising to you on other websites. Third party advertisers also use these types of cookies to show advertisements for other businesses or organizations based on your online behavior

and overall activity.

We will ask for your consent to place cookies or other similar technologies on your device, except where they are essential for us to provide you with the service or functionality that you have requested.

You can also remove or reject cookies via your browser settings. To do this, follow the instructions provided in your browser (usually located within the “settings,” “help,” “tools” or “edit” facility). Many browsers are set to accept cookies until you change your settings. If you do not accept our cookies, you may experience some inconvenience in your use of our Website.

Google Analytics

We use Google Analytics to help us understand traffic patterns and know if there are problems with our Website. We may also use embedded images in emails to track open rates for our mailings, so that we can tell which mailings appeal most to USA Swimming supporters. You may opt out of Google Analytics cookies or opt-out of having Google send your information to a third party by visiting Google’s opt-out page: <https://tools.google.com/dlpage/gaoptout>.

Facebook ID

We may use your email address and Facebook ID to participate in Facebook’s Custom Audience, Lookalike Audience, or other programs, which enable us to display campaign promotions to both existing and prospective members when they visit.

To do this, we may send a digital “fingerprint” of your email address to Facebook. We do not send your actual email address, but instead a cryptographic piece of data that Facebook can use to find matches to email addresses in their database. If you are a Facebook user and your USA Swimming email address “fingerprint” matches data at Facebook, USA Swimming campaign promotions may then appear when you access Facebook.

For more detailed information about how you can control the ads presented to you on Facebook, please see: <https://www.facebook.com/help/1075880512458213/control-the-ads-you-see/> and Facebook’s data policy at <https://www.facebook.com/policy.php>.

Other Third-Party Cookies

More generally, if you would like to opt-out of having interest-based information collected by third parties during your visits to our Website or other websites, please visit <http://www.aboutads.info/choices/>. Some third parties do not participate in the industry-developed opt-out website, in which case the best way to avoid third-party tracking of your online behavior may be through your browser settings and deletion of cookies.

Do Not Track Mechanisms

Your browser may deliver a “Do-Not-Track (‘DNT’) signal,” or similar mechanism for exercising choices about the collection of information about your online activities. Because of the changing state of technology, we do not guarantee that we will honor DNT signals or similar mechanisms at this time.

II. Safe Sport and DEI Policies

9.0 Background Check Policy

Date of adoption / Last revision: March 29, 2021

The following individuals are required to pass a criminal background check conducted by IntelliCorp Records, the background check provider engaged by USA Swimming:

- All USA Swimming non-athlete members subject to the exclusion below.
- All adult National Team and National Junior Team athletes.
- All adult athletes selected to participate on a national or international team, or an event to which the USOPC sends athletes.
- All adult athletes training at the Olympic and Paralympic Training Center.

Exclusion: The criminal background check requirement is waived for Junior Coaches.

Background Check Searches Conducted

1. Validated Criminal Database Search for criminal convictions including Validated Sexual Offender search in all states, social security trace and identity verification, and a search of other watch lists from various national and international databases. The validated database search will be conducted on the name provided and on all former last names (as applicable) found within the seven (7) year address history.

Such search will be repeated monthly on the anniversary of the original background check date for the 24-month period that the background check authorization is valid. Any member who chooses to leave USA Swimming during this 24-month period and wishes to stop the monthly updates must notify USA Swimming's Member Services Department in writing that such member has resigned his/her membership. The monthly update will be discontinued within 30 days following receipt of the member's notice of resignation. Depending on the scheduled monthly update and the date of resignation, one monthly update may occur following the notice of resignation.

2. County Criminal Search in all counties of residence within the seven (7) year address history on name provided and one (1) former last name as applicable.
3. Federal Court Search on name provided.

- b. Individuals serving on the board of directors of USA Swimming, Zones, LSCs and member clubs;
- c. Volunteers of USA Swimming, Zones, LSCs and member clubs who interact directly and frequently with* or have authority over athletes as part of their regular duties (note: this does not include timers, meet marshals, computer operators, etc., who only have limited contact with athletes during a meet);
- d. Personal care assistants hired or appointed by USA Swimming, Zones, LSCs and member clubs, who act in a coaching capacity and/or who have direct and frequent contact with minor athletes other than those to whom they provide care; and
- e. Individuals with any ownership interest in a member club.

As required by the U.S. Center for SafeSport, individuals subject to this policy must complete athlete protection education on an annual basis. Upon initiating membership with USA Swimming or beginning a

new role subjecting the individual to Article 2.6.3 of the USA Swimming Corporate Bylaws, the individual must complete the SafeSport™ Trained Core course before participation. Upon completion, the individual's member record will update with a training requirement expiration date one year from the date of completion. Individuals can renew the athlete protection education requirement as early as 90 days prior to their expiration date by taking the appropriate refresher course. After completing three refresher courses in successive years, the individual will be required to start the training cycle anew with the SafeSport™ Trained Core course. If an individual permits their athlete protection education to lapse by failing to renew prior to the expiration date or by otherwise allowing membership to lapse, the individual will be required to retake the SafeSport™ Trained Core course again.

USA Swimming members are required to complete the athlete protection education through USA Swimming University accessed at <https://university.usaswimming.org/landing>.

Minor Athlete and Parent Training

USA Swimming will, on an annual basis, offer and give training to parents and minor athletes (subject to parental consent) on the prevention and reporting of child abuse. Free online training courses for parents and minor athletes on the prevention and reporting of child abuse are available any time at <https://university.usaswimming.org/landing>.

Exemption for Victims/Survivors

Completing the required athlete protection education may be triggering or re-traumatizing for victims/survivors. Exemptions for this requirement may be made on a case-by-case basis. Requests should be sent to safesport@usaswimming.org. Requests may also be made directly to the U.S. Center for SafeSport at exemptions@safesport.org.

Individuals with Limited English Proficiency

The U.S. Center for SafeSport provides the required athlete protection courses in English, Spanish, French. An individual subject to this policy may request an exemption from this Policy as a result of limited English proficiency by contacting safesport@usaswimming.org.

*Defined as ongoing interactions during a 12-month period wherein the individual is in a role of direct and active engagement.

17.0 Athlete Protection Training Requirement – Adult Athletes with Cognitive Disabilities

Date of adoption / Last revision: July 2023

The U.S. Center for SafeSport requires USA Swimming to provide regular and consistent training for all adults, including adult athletes, who interact with and have direct contact with minor athletes. USA Swimming requires, as a condition of membership, all athlete members age 18 and over complete Athlete Protection Training.

USA Swimming recognizes that the required training course may not be appropriate for some adult athlete members with cognitive disabilities. For any such adult athlete member, USA Swimming recommends the following:

1. If the Athlete Protection Training Course is appropriate for the adult athlete's cognitive level, the adult athlete should complete the Athlete Protection Training course with a parent or legal guardian(s).
2. In the event the Athlete Protection Training course is not appropriate for the adult athlete's cognitive level, the adult athlete should complete the most developmentally age-appropriate training offered by the U.S. Center for SafeSport (<https://athletesafety.org/training/index>). Once the age-appropriate training is completed, the completion certification shall be sent to safesport@usaswimming.org. USA Swimming will update the athlete's member record to reflect that the training requirement is complete.
3. In the event that none of the available trainings are cognitively appropriate for the adult athlete, the athlete's parent or legal guardian shall send an email explaining the circumstance to safesport@usaswimming.org. USA Swimming will update the athlete's member record to reflect that the training requirement is complete.

It is the responsibility of every athlete member to ensure the annual training requirement is met applying the criteria provided above.

Please contact USA Swimming at safesport@usaswimming.org with any questions.

18.0 USA Swimming Personal Assistant Policy

Date of adoption / Last revision: June 8, 2021

A Personal Assistant* is an individual who assists an athlete requiring help with activities of daily living and preparation for athletic participation. Personal Assistants provide support unique to the needs of the athlete(s) in their care. This support may include, but, is not limited to, mobility guidance, assistance with transfer, entering/exiting the pool, dressing, showering, toileting, medication administration, and communication. Some athletes require Personal Assistants to enable successful participation in the sport, while others need help to assure personal safety in practice and meet environments.

Identification and Approval of the Use of Personal Assistants

Coaches may approve the use of Personal Assistants at practice while Meet Referees approve the use of Personal Assistants for meets. It is recommended that coaches and referees ask the following questions to evaluate whether to approve a Personal Assistant:

1. Is the swimmer a swimmer with a disability as defined by USA Swimming?
2. Does the proposed modification facilitate participation by the swimmer with a disability?
3. Is the proposed modification fair to other swimmers in the event?
4. Is the proposed modification feasible?
5. Will this assistant have frequent contact with athletes? If so, are they a registered USA Swimming Member and have they been background checked?

Required USA Swimming Membership

Personal Assistants hired or appointed by USA Swimming, Zones, LSCs and member clubs, who act in a coaching capacity and/or who have direct and frequent contact with minor athletes other than those to whom they provide care must be members of USA Swimming. Personal Assistants who are only acting in this role at occasional meets and practices are not required to be a member of USA Swimming.

Specifically, a parent/legal guardian acting in the role of a Personal Assistant for their child whose care requires the parent/legal guardian to have frequent access to locker rooms, changing areas or similar spaces where other Minor Athletes are present is required to be a member of USA Swimming.

Personal Assistants Exception to the Minor Athlete Abuse Prevention Policy

Subject to the conditions below, certain exceptions are available to certain sections of the Minor Athlete Abuse Prevention Policy. Specifically:

One-on-one In-Program Contact interactions between a Minor Athlete and a Personal Assistant of whom membership is required are not required to occur at an observable and interruptible distance from another adult only when:

- a. the Personal Assistant is a non-athlete member of USA Swimming; and

- b. the minor athlete's parent/legal guardian has provided written consent for the Personal Assistant to work with the minor athlete.

In-Program one-on-one individual training sessions outside of the regular course of training and practice between a Personal Assistant of whom membership is required and minor athletes are not required to be observable and interruptible by another adult only when:

- a. the Personal Assistant is a non-athlete member of USA Swimming; and
- b. the minor athlete's parent/legal guardian has provided written consent for the Personal Assistant to work with the minor athlete.

One-on-one Electronic Communications between a Personal Assistant of whom membership is required and a minor athlete are not required to copy or include the minor athlete's parent/legal guardian only when:

- a. the Personal Assistant is a non-athlete member of USA Swimming; and
- b. the minor athlete's parent/legal guardian has provided written consent for the Personal Assistant to work with the minor athlete.

A Personal Assistant of whom membership is required may transport a minor athlete one-on-one during In-Program Travel and is not required to transport at least two minor athletes or another Adult Participant only when:

- a. the Personal Assistant is a non-athlete member of USA Swimming; and
- b. the minor athlete's parent/legal guardian has provided written consent for the Personal Assistant to work with the minor athlete.

A Personal Assistant of whom membership is required may share a hotel room, sleeping arrangement or overnight lodging location with an athlete, may have In-Program Contact in a hotel room, sleeping arrangement or overnight lodging location during In-Program Travel that is not observable and interruptible and is not required to follow two-deep leadership and maintain observable and interruptible environments when doing room checks during In-Program Travel only when:

- a. the Personal Assistant is a non-athlete member of USA Swimming; and
- b. the minor athlete's parent/legal guardian has provided written consent for the Personal Assistant to work with the minor athlete; and
- c. the minor athlete's parent/legal guardian has provided advance, written consent for the lodging arrangement.

Personal Assistants of whom membership is required are permitted to be with and assist minor athlete(s) in locker rooms, changing areas or similar spaces where other Minor Athletes are present.

Are Personal Assistants Covered by USA Swimming Insurance?

USA Swimming members engaging in covered activities with USA Swimming member clubs are covered by the USA Swimming provided general liability insurance. The USA Swimming provided general liability insurance is not affected by the activities of Personal Assistants of whom membership is not required but the USA Swimming provided excess accident insurance does not cover injuries resulting from or directly related to the actions of Personal Assistants who are not members of USA Swimming.

* A Personal Assistant for USA Swimming purposes is also known as a Personal Care Assistant in the U.S. Center for SafeSport 2022 Model MAAPP. This Personal Assistant Policy is consistent with the Center's 2022 Model MAAPP requirements and has been reviewed and approved by the U.S. Center for SafeSport.

19.0 Athlete Inclusion, Competitive Equity, and Eligibility Policy

Date of adoption / Last revision: March 10, 2023

1. Purpose

The USA Swimming Athlete Inclusion, Competitive Equity, and Eligibility Policy (this “Policy”) is based on the objectives of inclusion, non-discrimination, fair play, participants’ health and safety, and protection of privacy.

2. Application of this Policy

This Policy shall apply to all athletes who wish to compete in a competition category (e.g., Male or Female) different than the biological gender assigned to the athlete at birth, including without limitation:

- Current athlete members of USA Swimming who wish to change the competition category in which they participate;
- Former athlete members of USA Swimming who wish to join USA Swimming and compete in a competition category which is different than the competition category in which the athlete was previously registered;
- Athletes who have never been members of USA Swimming who wish to join USA Swimming as a member and register in a competition category different than the biological gender assigned to the athlete at birth; and
- Athletes who wish to be eligible to compete in an “Elite Event” (as defined below) or to set USA Swimming National Age-Group Records in the 13-14 age group and above or who wish to be eligible to set an American Record, per the USA Swimming Rules & Regulations, in a competition category which is different than the biological gender assigned to the athlete at birth.

All athletes to whom this Policy applies shall promptly notify USA Swimming’s Secretary & General Counsel (or their designee) (the “General Counsel”) of their desire to either change their competition category or that the athlete is joining USA Swimming and registering in a competition category different than the biological gender assigned to the athlete at birth. (This, and other personal information related to gender transition, information shall be kept confidential as provided in Paragraph 9.)

3. Female-to-Male Transition

Athletes who have transitioned, or are transitioning, from a Female biological gender assignment at birth to a Male gender assignment must, before being declared eligible to compete in the Male competition category, satisfy the Self-Identity Verification set forth in Paragraph 5 below.

4. Male-to-Female Transition

Athletes who have transitioned, or are transitioning, from a Male biological gender assignment at birth to a Female gender assignment must, before being declared eligible to compete in the Female competition category:

- a. Satisfy the Self-Identity Verification set forth in Paragraph 5 below.
- b. Satisfy the conditions set forth in Paragraph 6 below, “Elite Event Fairness Conditions” if the athlete:
 - i. Has achieved “Elite Athlete” status as defined in Paragraph 4(c) below;
 - ii. Desires to compete in an “Elite Event” as defined in Paragraph 4(c) below; and/or

- iii. Desires to have a competitive time recognized by USA Swimming as an American Record.

An athlete may also satisfy the conditions in Paragraph 6 below (and thus satisfy Paragraph 4(b)) if the athlete instead has obtained approval from World Aquatics to compete in the Female competition category.

- c. “Elite Athletes” and “Elite Events”. For purposes of this Policy, “Elite Athletes” shall include any athlete who has achieved a USA Swimming Junior National time standard and desires to participate in any of the following “Elite Events” defined for purposes of this Policy as: any United States Olympic and Paralympic Committee (“USOPC”) Delegation Event and/or Protected Competition as defined in the USOPC Bylaws; World Aquatics Events; PanPacific Championships; World University Games; USA Swimming Nationals, Junior Nationals, U.S. Open, International Team Trials, U.S. Olympic Team Trials - Swimming; and/or any other competition designated by USA Swimming as an “Elite Event” and any other event which conditions entry on meeting the USA Swimming Junior National Time Standard or faster. For purposes of this Policy, Elite Events shall also include any other competition in which a qualifying time standard is achieved for entry into the other Elite Events described above or to be eligible to set an American or National Age-Group Record at the 13-14 level or above.

5. Self-Identity Verification

- a. Purpose. The purpose of Self-Identity Verification is to confirm that the athlete’s transition to a competition category different than that assigned at birth is bona fide and that the gender identity applicable for purposes of swimming competition is consistent with the athlete’s gender identity in everyday life.
- b. Process. To initiate the Self-Identity Verification process, an athlete must submit a Self-Identity Verification Request (the “Request”) to the General Counsel (<https://fs22.formsite.com/usaswimming/Self-Identity/index.html>) at least thirty (30) days prior to the start of the first competition in which the athlete seeks to compete in the requested competition category. The General Counsel may take any of the following actions:
 - a. Administratively approve or deny the Request (where such denial will be sent to a panel, as described below in Paragraph 5(b)(iii));
 - b. Seek additional information from the athlete prior to approving, denying, or referring the Request to the panel described below in Paragraph 5(b)(iii); or
 - c. Refer the decision on whether the Request should be approved to a three-person panel consisting of a physician with experience in gender identity issues, a 10-Year Athlete representative, as defined in the USA Swimming Rules and Regulations and appointed by the USA Swimming Athletes’ Advisory Council (“AAC”), and a member of the USA Swimming Safe Sport Committee appointed by the Safe Sport Committee Chair (the “Self-Identity Panel”). The Self-Identity Panel may also seek additional information from the athlete before reaching a decision on whether to approve the Request. In the event the Request is denied by the General Counsel, or in the event the General Counsel has a conflict of interest, the Request will be sent to the Self-Identity Panel for review.
- c. Return to Previous Gender Category. Once an athlete’s Request has been approved, the athlete may not initiate the process to change back to a prior competition category for one year following the date the initial Request is approved.

6. Elite Athlete/Event Fairness Evaluation

- a. Purpose. The purpose of the Elite Athlete/Event Fairness Evaluation process is to ensure that athletes competing in the Female competition category who have transitioned from a Male

biological gender assignment at birth, do not have an unfair advantage over their cisgender Female competitors in Elite Events.

- b. Elite Athlete/Event Fairness Application. To initiate the Elite Athlete/Event Fairness Evaluation process, an athlete must submit an Elite Athlete/Event Fairness Application (“Application”) to the General Counsel (<https://fs22.formsite.com/usaswimming/EliteEligibility/index.html>) at least ninety (90) days prior to the start of the first Elite Event in which the athlete seeks to compete in the Female competition category. The General Counsel shall submit the Application to a panel consisting of three independent medical experts, with preference for experience related to transgender health and/or the physical performance of transgender athletes relevant to swimming and the effect of medical approaches in mitigating any pre-existing physical advantages (the “Elite Athlete/Event Fairness Panel”). USA Swimming’s Director, Sports Medicine & Science, and Director, Performance, will serve as staff liaisons to the Elite Athlete/Event Fairness Panel. In addition to the two staff liaisons, the AAC will appoint a 10-Year Athlete representative, as defined in the USA Swimming Rules & Regulations, to serve as an athlete liaison to the Elite Athlete/Event Fairness Panel. Prior to appointment to the Elite Athlete/Event Fairness Panel, the name and resume of any independent medical expert will be sent to USA Swimming’s Athletes’ Advisory Council, for review and comment. Any medical expert reviewed without objection by the AAC (an “Elite Medical Panelist”) may be selected by USA Swimming for future panels.
- c. Eligibility Criteria. As a condition of eligibility, the athlete must satisfy the Elite Athlete/Event Fairness Panel that:
 - i. From a medical perspective, the prior physical development of the athlete as a Male, as mitigated by any medical intervention, does not give the athlete a competitive advantage over the athlete’s cisgender Female competitors.
 - ii. In addition to other relevant factors considered by the Panel in (i) above, it shall be presumed that the athlete is not eligible unless the athlete demonstrates that the concentration of testosterone in the athlete’s serum has been less than 5 nmol/L (as measured by liquid chromatography coupled with mass spectrometry) continuously for a period of at least thirty-six (36) months before the date of Application. This must include at a minimum three (3) separate blood tests within the past three hundred sixty-five days (365) days preceding the Application, with the last test conducted within ninety (90) days prior to the athlete’s Application. This presumption may be rebutted if the Panel finds, in the unique circumstances of the case, that the criteria set forth in (i) above has been satisfied notwithstanding the athlete’s serum testosterone results (e.g., the athlete has a medical condition which limits the bioavailability of the athlete’s free testosterone).
- d. Panel Evaluation. In conducting its evaluation of an athlete’s Application, the Elite Athlete/Event Fairness Panel shall consider the medical file, serum testosterone results, and other information submitted by the athlete. The Panel may also request additional information from the athlete or the athlete’s treating physicians. The Panel may also direct additional testing. Per the International Olympic Committee Framework on Fairness, Inclusion and Non-Discrimination on the Basis of Gender Identity and Sex Variations (the “Framework”), the Panel will not request any of the prohibited testing as set forth in that Framework and will not request gynecological examinations or similar forms of invasive physical examinations, aimed at determining an athlete’s sex, sex variations, or gender. The athlete must fully cooperate with the Elite Athlete/Event Fairness Panel in its evaluation efforts. The athlete will acknowledge that this evaluation process is complicated and agrees that neither USA Swimming or members of the Elite Athlete/Event Fairness Panel shall be liable for any detriment caused the athlete by delays in the evaluation process. Any costs that the Panel incurs or the athlete incurs at the request of the Panel associated with this evaluation will be paid by USA Swimming.
- e. Panel Decision. If the Elite Event/Fairness Panel decides to approve an athlete’s Application, that decision and any conditions associated with that decision shall be communicated to the athlete by

the General Counsel. In order to maintain eligibility, if the Application is approved, the athlete must keep the athlete's serum testosterone concentration below 5 nmol/L and comply with any other conditions of the Elite Athlete/Event Fairness Panel's approval for so long as the athlete wishes to compete in the Female category in Elite Events. The Elite Athlete/Event Fairness Panel shall also establish an internal plan for the continued monitoring of the athlete's compliance with the eligibility criteria and the Panel's approval. If the Elite Athlete/Event Fairness Panel denies the Application then the reasons for that denial shall also be communicated to the athlete.

- i. The Elite Athlete/Event Fairness Panel may revoke or modify its approval of an athlete's Application based on subsequently acquired information
 - ii. An athlete may not change the athlete's swimming competition category back to Male for purposes of Elite Events for a period of four years following the approval of the athlete's Application.
- f. Guidelines. The Elite Athlete/Event Fairness Panel may establish guidelines for the implementation of the evaluation process. Such guidelines, if and when adopted, will be attached to this Policy.

7. Applicability of World Aquatics Eligibility Rules.

Effective June 20, 2022, World Aquatics implemented a Policy on Eligibility for the Men's and Women's Competition Categories (the "World Aquatics Policy"). (<https://resources.fina.org/fina/document/2022/06/19/525de003-51f4-47d3-8d5a-716dac5f77c7/FINA-INCLUSION-POLICY-AND-APPENDICES-FINAL-.pdf>). In order for an athlete to participate in any World Aquatics Competition, the athlete must first satisfy the eligibility criteria set forth in the World Aquatics Policy. The eligibility criteria set for in the World Aquatics policy are potentially more difficult to satisfy than the eligibility criteria set forth in paragraph 6(c) of this Policy. In particular, the World Aquatics Policy provides:

Eligibility for the Men's Category.

- a. All male athletes, including athletes with 46 XY DSD, are eligible to compete in World Aquatics competitions and to set World Aquatics World Records in the men's category, regardless of their legal gender, gender identity, or gender expression.
- b. Female-to-male transgender athletes (transgender men) are eligible to compete in World Aquatics competitions and to set World Aquatics World Records in the men's category except that:

. . .

ii. All athletes who are undergoing treatment involving testosterone or other anabolic substances as part of female-to-male gender-affirming hormone treatment are required to obtain a Therapeutic Use Exemption (TUE) for that treatment in accordance with the World Aquatics Doping Control Rules (World Aquatics DCR).

Eligibility for the Women's Category.

- a. All female athletes are eligible to compete in World Aquatics competitions and set World Aquatics World Records in the women's category, regardless of their legal gender, gender identity, or gender expression, under the following conditions:

i. Athletes who have previously used testosterone as part of female-to-male gender-affirming hormone treatment (with or without a TUE) but are no longer following that treatment are eligible to compete in the women's category in World Aquatics competitions and to set World Aquatics World Records in the women's category in World Aquatics

competitions and in other events recognized by World Aquatics if they can establish to World Aquatics's comfortable satisfaction that (a) the testosterone use was for less than a year in total (i.e., from the date of first use to the date of last use) and did not take place during pubertal growth and development, and (b) their testosterone levels in serum (or plasma) are back to pre-treatment normal and any associated anabolic effects have been eliminated.

- ii. Female athletes who have used testosterone in violation of the World Anti-Doping Code or World Aquatics DCR (or any other applicable anti-doping rules) may return to competition after they have served their period of ineligibility.
- b. Male-to-female transgender athletes (transgender women) and athletes with 46 XY DSD whose legal gender and/or gender identity is female are set World Aquatics World Records in the women's category in World Aquatics competitions and in other events recognized by World Aquatics if they can establish to World Aquatics's comfortable satisfaction that they have not experienced any part of male puberty beyond Tanner Stage 2 or before age 12 whichever is later. Specifically, the athlete must produce evidence establishing that:
- i. They have complete androgen insensitivity and therefore could not experience male puberty; or
 - iii. They are androgen sensitive but had male puberty suppressed beginning at Tanner Stage 2 or before age 12 whichever is later, and they have since continuously maintained their testosterone levels in serum (or plasma) below 2.5 nmol/L.
 - iv. An unintentional deviation from the below 2.5 nmol/L requirement may result in retrospective disqualification of results and/or a prospective period of ineligibility.

(See World Aquatics Policy for full details).

USA Swimming designates specific USA Swimming events as team selection events for USA Swimming teams sent to each World Aquatics Competition ("International Team Selection Events"). World Aquatics Competitions are the following events: the Olympic Games, Pan American Games, World and World Junior Championships, World University Games, Pan Pacific and Junior Pan Pacific Championships, and any other World Aquatics or IOC-hosted event.

It is important that all participants in International Team Selection Events be eligible to compete in the subsequent World Aquatics Competition if, based on their performance, they have qualified for a place on the USA Swimming team. Accordingly, all athletes who would be subject to the World Aquatics eligibility conditions set forth above must, before participating in an International Team Selection Event, have their eligibility to participate in that gender category in the subsequent World Aquatics Competition approved by World Aquatics as set forth in the application and approval process in the World Aquatics Policy.

In those circumstances where selection to a team to compete in a World Aquatics Competition is based on time rankings rather than finish order in an International Team Selection Event, athletes who would be subject to the World Aquatics eligibility conditions set forth above must, before being selected to the team by USA Swimming, have their eligibility to participate in that gender category in the World Aquatics Competition approved by World Aquatics as set forth in the application and approval process in the World Aquatics Policy.

If the World Aquatics Policy is subsequently revised, appropriate revision to this Policy will be considered.

8. Appeals⁸

If an athlete or USA Swimming wishes to challenge the decision of the Self-Identity Panel or Elite Athlete/Event Fairness Panel with respect to the athlete's Self-Identity Verification Request or Elite Athlete/Event Fairness Application, either may appeal the decision by requesting a review hearing with the USA Swimming Self-Identity and Elite Athlete/Event Fairness Appeal Body ("Appeal Body"). The Appeal Body shall consist of the Chair of the USA Swimming National Board of Review, an eligible athlete member of the National Board of Review appointed by the Chair of the National Board of Review, and an Elite Medical Panelist appointed by the Chair of the National Board of Review. Pending a decision by the Appeal Body, the athlete shall remain eligible to compete in the competition category (e.g., Male or Female) consistent with the biological gender assigned to the athlete at birth. The parties to the appeal shall be the athlete and USA Swimming. No other person or entity shall have standing to challenge the decisions of either the Self-Identity Panel or the Elite Athlete/Event Fairness Panel or to participate in any appeal. The Appeal Body shall be the exclusive forum for challenges to Self-Identity Panel or Elite Athlete/Event Fairness Panel decisions. In any proceeding before the Appeal Body, the Eligibility Criteria and presumption established in Paragraph 6(c) of this Policy shall not be subject to challenge or review. The athlete may challenge only the application of the Eligibility Criteria to the athlete's individual circumstances. The decision of either Panel shall be upheld unless the Appeal Body finds that the appellant has carried the burden of demonstrating that the Panel's decision is arbitrary and capricious with no rational basis. In a review hearing, the Appeal Body shall consider such witness testimony and/or other evidence that the Appeal Body considers relevant and appropriate. The Chair of the USA Swimming National Board of Review may adopt appropriate rules of procedure for the Appeal Body subject to review and approval by USA Swimming's Secretary & General Counsel. The Appeal Body's decision shall be final and binding on both USA Swimming and the athlete. Nothing in this Paragraph 8 shall be construed to limit the rights of members provided by the Ted Stevens Olympic and Amateur Sports Act and Article 301.3 of the USA Swimming Rules and Regulations.

9. Confidentiality

All Athlete information provided to USA Swimming under this Policy, and the results of examinations and assessments conducted under this Policy, will be dealt with in strict confidence and applicable privacy laws. Such information will not be used for any purpose not contemplated in this Policy and will not be disclosed to any third party unless that disclosure is necessary for the effective application and enforcement of this Policy or is required by law. USA Swimming shall not publicly comment on individual Requests, Applications, or decisions under this Policy except, in its discretion, it may do so in response to public comments attributed to the athlete or the athlete's representatives. Once a decision has been rendered, either by one of the panels or the General Counsel, USA Swimming will consult with the athlete on the best ways to publicly communicate about their eligibility.

10. Other Eligibility Requirements Not Affected

The application of this Policy shall not affect eligibility requirements or rules otherwise set out in the USA Swimming Rules and Regulations or the USA Swimming Operating Policy Manual.

11. Compliance with Anti-Doping Rules

Nothing in this Policy shall affect an athlete's obligation to fully comply with the Anti-Doping Rules of United States Anti-Doping Agency, the USOPC, World Aquatics, USA Swimming, or the organizer of an

⁸ For the avoidance of doubt, Articles 405, 406, and 407 of the USA Swimming Rules and Regulations do not apply to this Policy.

event in which the athlete competes. If the use of a substance on the World Anti-Doping Agency Prohibited List is contemplated in connection with a gender transition, then the athlete must first obtain a Therapeutic Use Exemption from the U.S. Anti-Doping Agency before that substance is used.

12. Discrimination Prohibited

All USA Swimming members, including its athlete members, have a right to participate in the activities of USA Swimming without being subjected to harassment or discrimination regarding their sexual orientation, gender expression, or transition to a different swimming gender category. Any USA Swimming member who engages in conduct which violates this right shall be subject to discipline under the USA Swimming Code of Conduct.

13. Membership Requirement

In order for an athlete to submit a Self-Identity Verification Request or Elite Event Fairness Application, the athlete must be an athlete member, or prospective athlete member, of USA Swimming.

14. Assistance With This Policy

USA Swimming is committed to the inclusion of transgender individuals in the sport of Swimming subject to the eligibility requirements set forth in this Policy. Any person seeking information on the application of this Policy should contact the General Counsel for assistance. (SIV@usaswimming.org)

15. Athlete Agreement, Consent and Release

By submitting a Self-Identity Verification Request or Elite Athlete/Event Fairness Application, an athlete will be required to represent and agree that:

- a. All information submitted in connection with the Request or Application is accurate and complete to the best of their knowledge and that no relevant information has been intentionally withheld.
- b. The athlete will fully cooperate with and provide any additional information requested by the Self-Identity Panel or Elite Event Fairness Panel.
- c. In connection with the Elite Athlete/Event Fairness Panel's evaluation of the athlete's Application, or for the continuing monitoring of the athlete if that Application is approved:
 - i. To provide medical waivers and releases allowing the athlete's physicians to share records with the Panel.
 - ii. To comply with any conditions imposed by the Panel as a condition of its approval of the athlete's Application.
 - iii. To undergo any additional medical testing required by the Panel in connection with its evaluation of the athlete's Application, or ongoing status if the Application is approved. The cost of any such testing will be at USA Swimming's expense.
 - iv. To advance notice, or no advance notice, blood sample collection to evaluate the athlete's serum testosterone level.
 - v. Any blood sample collected in connection with an anti-doping control may also be used for such purpose.
- d. The athlete agrees that neither USA Swimming, any member of the Self-Identity Panel or Elite Athlete/Event Fairness Panel, or any USA Swimming employees, directors, officers, agents, representatives, or other persons involved in the administration of this Policy shall be liable in any way in relation to acts done or omitted to be done in good faith in connection with the administration of this Policy.

All eligible athletes will have the opportunity to participate in swimming in a manner that is consistent with their gender identity and expression. Should a situation arise regarding an athletes' intent to change

competition category to one consistent with their gender identity, an athlete may seek eligibility review for participation in the different competition category, through the procedures set forth below.

II. Discretionary Jurisdiction

- a. Upon a majority vote of the Board of Directors, the NBOR may be assigned exclusive and immediate jurisdiction at any stage of any matter outlined above in Section I , when in its sole discretion, the best interests of USA Swimming shall be served thereby, or when compliance with regular USA Swimming or Zone procedures would not be likely to produce a sufficiently early decision or do justice to the affected parties.
- b. If discretionary jurisdiction is so assigned, the NBOR shall comply in every instance with all requirements of procedural due process as set forth in these Procedures. The NBOR may set such procedural time limitations as it may deem necessary in order to reach a decision, which shall do justice to the affected parties under particular circumstances.
- c. The NBOR may assess fees and costs against any party other than USA Swimming or any Committee thereof.

III. Authority of the NBOR

The NBOR shall have the power and authority to do the following:

- a) Impose and enforce penalties for any violation of the Rules & Regulations, administrative or technical, of USA Swimming;
- b) Determine an individual's eligibility and right to participate;
- c) Vacate, modify, sustain, reverse, or stay any decision or order properly submitted on appeal, or remand the matter for further action;
- d) Investigate any election impropriety (other than allegations of violations of the campaigning rules in Corporate Bylaw 6.3.3(D), which will be referred to the USA Swimming Ethics Committee) or cause for removal of a national officer or national committee member and take corrective action;
- e) Interpret any provision of the Rules & Regulations of USA Swimming with the exception of the technical rules (Parts One and Seven);
- f) Review any revocation, suspension, or reinstatement of membership, or challenge the granting or denial of membership; and
- g) Issue such orders, prohibitory or mandatory in nature, as may be necessary pending a final decision of the NBOR.

IV. Filing of Complaints, Initial Inquiry and Investigation

- a. Filing of Complaints
 - a. All complaints within the exclusive jurisdiction of the NBOR as set forth above shall set forth the allegations and shall be filed in writing with the President & CEO (or their designee, collectively, the "CEO"), the Secretary & General Counsel (or their designee, collectively the "General Counsel"), and the Chair of the Board of Directors (the "Board Chair").

- b. A complaint may be filed online via USA Swimming’s online reporting tool at: <https://fs22.formsite.com/usaswimming/ViolationReportingForm/index.html>.
 - c. A copy of reports filed online will be sent to the CEO, the General Counsel, and the Board Chair.
- b. Initial Inquiry
 - a. Upon receipt of a filed complaint, the CEO shall promptly perform an initial inquiry. The initial inquiry is intended to determine whether the complaint satisfies the personal and subject matter jurisdiction of the NBOR, including whether the factual allegations—if taken as true—give rise to an actionable claim. It is anticipated that the initial inquiry will take no longer than ten business days.
 - c. Investigation of Complaints
 - a. If a complaint survives initial inquiry, the CEO shall initiate an investigation, anticipated to take no longer than six weeks, of the matter as follows:
 - i. In matters involving allegations of physical abuse of an athlete by a coach, a committee of three coaches appointed by the Board Chair shall make a determination with such investigative assistance by the CEO as the committee may request and report as to whether the coach’s conduct is outside the customary and acceptable bounds of coaching. If such matter is referred to the U.S. Center for SafeSport, the SafeSport Code or the Olympic and Paralympic Movement shall apply.
 - ii. In those matters involving allegations under USA Swimming’s Whistleblower and Anti-Retaliation Policy, the Ethics Committee shall make the investigation and report.
 - b. In all other matters, the CEO shall make the investigation and report.
 - c. Upon the initiation of an investigation beyond the initial inquiry stage, a notice of investigation will be sent to the subject of the complaint, as well as the club’s head coach and/or Board president, if applicable. The notice of investigation will include a statement as to which USA Swimming rule was allegedly violated.

V. Disposition After Investigation

After the initial inquiry and investigation have been completed, the CEO may attempt to settle the matter with the opposing party or decide to initiate a complaint in the name of USA Swimming by filing the complaint with the Chair of the NBOR (“NBOR Chair”) and requesting a hearing.

Any decision by the CEO not to forward a complaint to the NBOR following an investigation shall be reviewed by the Board Chair for a final decision. The CEO may also seek an emergency hearing as set forth below in Section VII.

If the CEO does not initiate a complaint in the name of USA Swimming, then the CEO may:

- a. Cause further investigation to be conducted into the alleged violations;
- b. Seek to mediate or settle the complaint; or
- c. Advise the complaining party that while USA Swimming will not initiate a complaint in its own name, the complaining party may request USA Swimming assist with mediating the complaint or the complaining party may file their complaint directly with the NBOR Chair by submitting a petition directly to the NBOR Chair. USA Swimming shall share the procedural history of the complaint with the NBOR Chair, to confirm that the matter is properly before the NBOR Chair; USA Swimming may further share its investigation with the NBOR Chair to assist with the NBOR Chair’s assessment of the matter.

If the investigation is conducted by the Ethics Committee under USA Swimming's Whistleblower and Anti-Retaliation Policy, after the investigation is complete, the Ethics Committee may decide to initiate a complaint in the name of the Ethics Committee by filing a petition with the NBOR Chair and requesting a hearing. If the Ethics Committee does not file a petition with the NBOR Chair, it may advise the complaining party that, while the Ethics Committee will not initiate a complaint in its own name, the complaining party may still file their petition with the NBOR Chair. The Ethics Committee shall share the procedural history of the complaint with the NBOR Chair, to confirm that the matter is properly before the NBOR Chair; the Ethics Committee may further share its investigation with the NBOR Chair to assist with the NBOR Chair's assessment of the matter.

VI. Settlement Agreements

Any settlement agreement between the parties must be memorialized in writing and submitted to the NBOR Chair. The NBOR Chair may then decide whether to accept or reject the settlement agreement.

VII. Emergency Hearing

After the investigation, the CEO or other petitioning party may seek an emergency hearing. Upon such request, the NBOR Chair may order an emergency hearing before the NBOR to determine (1) if the member should be suspended and/or (2) only in the case of an athlete being dismissed from an international team, whether the dismissal was warranted. If an emergency hearing is ordered, the NBOR shall conduct the hearing and publish its results within twenty-one days. Until the NBOR makes a decision, all proceedings shall be confidential and not subject to disclosure to anyone other than the parties and witnesses. The Ethics Committee may also seek an emergency hearing. Any decision made at an emergency hearing will remain in effect pending the outcome of a full hearing before the NBOR.

VIII. Pre-Hearing Matters

a. Petition

- a. For matters initiated in the name of USA Swimming, the CEO shall send a petition and the results of the investigation to the NBOR Chair. For matters not initiated in the name of USA Swimming, a complaining party may submit a petition directly to the NBOR Chair.
- b. Once a petition is submitted, the NBOR Chair shall have 14 days, unless there is just cause for a delay, to decide whether to assign the matter for a hearing or dismiss the complaint. If the NBOR Chair decides to assign the matter for a hearing, the NBOR Chair will empanel a hearing body and issue a Notice of Hearing.

b. Hearing Panel Composition

- a. Each case submitted to the NBOR shall be assigned by the NBOR Chair to a panel consisting of members of the NBOR Committee, unless conflicts or other reasons require panel members who are not members of such Committee. The appointment of any member to a hearing panel who is not a member of the NBOR Committee shall be confirmed by the Board Chair and the General Counsel.
- b. Each hearing panel shall consist of not fewer than three members and not more than five members, with a sufficient number of eligible athlete representatives so as to satisfy the requirement that such athletes constitute one-third of the hearing panel, to hear and decide the case. If the content of a matter before the NBOR involves governance, finance or elite athletes, the panel must be comprised of one-third 10-Year Athlete representatives. Each hearing panel will have a hearing panel Chair who shall be the NBOR Chair or a Vice Chair of the NBOR.
- c. Conflict of interest disclosure forms will be distributed to each member of the NBOR Committee annually. Additionally, when empaneling a hearing panel, the NBOR Chair will distribute a conflict of interest form to each potential panel member and the General

Counsel will review the conflict of interest disclosure forms prior to empaneling members for a hearing. An alleged failure to disclose a conflict of interest will be submitted to the Ethics Committee for review under the USA Swimming Statement of Ethics and Conflict of Interest Policy.

- d. Hearing panel members and Board of Directors appeal panels shall:
 - i. Uphold the integrity and independence of the respective hearing panel;
 - ii. Avoid any impropriety or the appearance of impropriety in connection with service as a hearing panel member and swimming-related activities generally; and
 - iii. Perform the duties of a hearing panel member impartially and diligently.
 - e. Hearing panel members shall recuse themselves from participating in any matter pending before their respective hearing panel:
 - i. In which their impartiality might be reasonably questioned;
 - ii. Where they have a personal bias or prejudice concerning a party in the pending matter or have personal knowledge of disputed evidentiary facts concerning the pending matter (other than knowledge obtained as a hearing panel member or known generally to a substantial portion of the membership of the respective LSC or USA Swimming);
 - iii. Where they or a member of their family are a party or are likely to be a material witness in the pending matter;
 - iv. Where they or a member of their family have an interest that could be substantially affected by the outcome of the proceeding; or
 - v. Where they or a member of their family have served or are serving as counsel in the pending matter or are members of a law firm that served or is serving as counsel in the pending matter.
 - f. Hearing panel members shall recuse themselves as soon as they become aware of facts that give rise to the duty to do so by giving notice to the NBOR Chair, or in the case of the NBOR Chair or Board of Directors appeal panel members, to the General Counsel, as applicable.
 - g. By written notice to the chair of the hearing panel or the General Counsel, in the case of Board of Directors appeal panel members, any party may request that a panel member recuse themselves or be disqualified from serving on the pending matter stating the reasons for recusal or disqualification with specificity. Such notice will be provided to the Ethics Committee by the chair of the hearing panel or the General Counsel. Such notice shall be given at least 14 days prior to the scheduled date of the hearing on such matter, or, if the party sustains the burden of proving good cause for the lateness of the notice, as soon as reasonably possible after discovery of the reason for the need for recusal. The named hearing panel member shall reach a decision on the matter and notify the Ethics Committee of that decision within seven days of receipt of the party's notice. If the member's decision is not in favor of recusal, then the Ethics Committee may, if appropriate, disqualify the member from participation in the pending matter. If there is no disqualification, the hearing shall be conducted as scheduled and, unless it is a hearing before the Board of Directors, the party giving the notice may appeal the disqualification decision, together with the hearing decision.
 - h. In the event of a recusal or disqualification, a substitute hearing panel member shall be appointed in the same manner as the original hearing panel members were appointed.
- c. Notice of Hearing
- a. The NBOR Chair shall set a hearing date, which shall be not less than forty-five nor more than sixty days from the date of issuance of the Notice of Hearing. The Notice of Hearing shall include the following:

- i. The name of the Respondent(s).
 - ii. A statement of charge, which shall be set forth in sufficient detail to give the Respondent(s) reasonable notice of the charges and the facts supporting the charges, which shall include the Petition.
 - iii. The name of the Petitioner(s).
 - iv. The date the Response is due.
 - v. The date, time, and place (or the fact that the hearing shall be conducted by conference call) of the hearing¹¹.
 - vi. The names of the members of the NBOR Panel.
 - vii. The possible penalties.
 - viii. The right of appeal and the time limit to file for an appeal.
 - ix. Any other general information, including the right to be represented by counsel, to have witnesses testify, and to submit any and all evidence which is relevant to the issues.
- b. The NBOR Chair shall deliver the Notice of Hearing, together with a copy of the Petition received by the CEO to the Respondent(s) and a copy of the Notice of Hearing to the Petitioner(s).
- d. Response
 - a. The Respondent(s) shall have thirty days from the date of issuance to submit a written Response to the charges, which may include a request for dismissal based on a lack of jurisdiction or failure to state a claim on which relief can be granted. The Response shall be delivered to the NBOR Chair, the CEO, and the Petitioner(s) or their counsel.
- e. Reply
 - a. The Petitioner(s) shall have ten days from the date of delivery of the Response to submit a written Reply. The Reply shall be delivered to the NBOR Chair, the CEO, and the Respondent(s).
- f. Time Limits
 - a. Upon showing of good cause, the NBOR Chair may decrease or increase the time limits for any of the foregoing.
- g. Pre-Hearing Matters
 - a. The NBOR Chair is empowered to issue scheduling orders regarding briefs and rule on all pre-hearing discovery motions; witness lists (and reasonable limits on the number of witnesses that may be called at the hearing), exchange of hearing exhibits and similar pre-hearing matters, and otherwise make all procedural (including, without limitation, a request for a continuance), evidentiary, and technical decisions and rulings with respect to hearings (unless such matters arise during the hearing, in which case the hearing panel chair may make such decisions and rulings as they deem appropriate).

IX. Hearing

For hearings conducted other than through the receipt of written statements, the NBOR shall cause a recording or transcription to be made of the proceedings.

If a party provides advanced written notice that they are unavailable to attend the hearing at the scheduled time, the NBOR Chair shall reschedule the hearing at such date and time that all parties are available to attend. A hearing may proceed without a party if that party attempts to cancel a second scheduled hearing that they previously agreed to attend or if any party fails to be available at the appointed time without advance notice. However, judgement shall not be reached merely because of the

person's absence. If the NBOR determines that the hearing cannot proceed without the absent party, the NBOR may adjourn the hearing and reschedule it for such time as the absent party can be present.

The hearing shall be opened by the recording of the place, time, and date of the hearing, and the presence of the NBOR panel members, parties, counsel, if any, and any other witnesses or observers.

Each party may then present an opening statement setting forth generally the party's view of the issues in dispute, the relief sought, and what they hope to prove by the presentation of evidence.

Petitioner may then present their claims, evidence, and witnesses, who shall be subject to cross-examination by the other party. Respondent may then present their claims, evidence, and witnesses, who shall also be subject to cross-examination by the other party.

Petitioner(s) may then be allowed an opportunity to rebut any testimony or evidence presented by the Respondent(s) after the presentation of Respondent(s).

For matters in which the Petitioner is seeking a lifetime ban, each party should receive 90 minutes to present its evidence. For matters in which the Petitioner is seeking a suspension for a period of years, each party should receive 60 minutes to present its evidence. In an uncontested matter (where a Respondent chooses not to participate), the Petitioner should receive 30 minutes to present a condensed version of its case. Additional time may be provided at the discretion of the hearing panel chair.

The NBOR panel may question any person at any time. The NBOR panel has the discretion to vary these procedures but shall afford all parties a full and equal opportunity to present any material or relevant evidence.

X. Decision

A decision may be rendered by the NBOR panel at the time of the hearing and reduced to writing within five days. The written decision shall be delivered to the parties within seven days after the hearing. Otherwise, the NBOR panel shall reach a decision as soon as administratively practicable (but not more than twenty-one days after the conclusion of the hearing) and shall deliver the written decision within seven days thereafter.

The written decision shall set forth the right of appeal under this policy to the Board of Directors.

XI. Stay

The NBOR shall have the authority to stay the enforcement of its decision during the time allowed for an appeal, with the decision going into effect automatically if no appeal is perfected during the allowable period.

XII. Delivery

The delivery of all Notices of Hearing to Respondent(s) and all final Decisions to the non-prevailing party(ies) shall be overnight express delivery. Delivery of all other pleadings, orders, and communications may be by electronic mail or other means, as directed by the NBOR Chair.

XIII. Appeal

Any real party in interest, including any officer of USA Swimming or the CEO, may appeal any decision of the NBOR as follows: matters heard by the NBOR pursuant to its original jurisdiction, heard *de novo*, or heard pursuant to its discretionary jurisdiction, may be appealed to the Board of Directors within thirty days of the date of the issuing of its written decision. Decisions of the Ethics Committee, under USA Swimming's Statement of Ethics and Conflict of Interest Policy, may be appealed to the Board of Directors within thirty days of the date of the issue of a written decision.

The Petition on appeal is to be served upon the CEO, as well as the other party(ies) to the NBOR proceeding, and shall be accompanied by a \$250 filing fee payable to USA Swimming. The Petition shall set forth the grounds for appeal, including both factual and legal allegations of error in any earlier proceeding.

Unless the Board of Directors by majority vote decides otherwise, the review by the Board of Directors shall be on the basis of the record and written briefs and shall not be a *de novo* hearing. The Secretary & General Counsel may establish a hearing panel consisting of at least five members (all of whom must be members of the Board of Directors and at least one-third of whom must be 10-Year Athlete representatives) to hear any appeal, including appeals heard as *de novo* hearings. The decision of the hearing panel shall be final with the same force and effect as if the full Board of Directors heard the matter.

The Board of Directors may assess fees and costs against the losing party.

For matters involving the opportunity of any amateur athlete, coach, trainer, manager, administrator, or official to participate in amateur athletic competition, upon demand of USA Swimming or any aggrieved amateur athlete, coach, trainer, manager, administrator, or official, the matter may be submitted to binding arbitration with an arbitral organization designated by the USOPC, after an appeal is heard by the Board of Directors and the Board of Directors renders its decision.

XIV. Confidentiality

Hearings conducted before the NBOR or the Board of Directors regarding alleged Code of Conduct violations shall be closed to the public.

All investigations conducted by the CEO regarding alleged Code of Conduct violations and all proceedings before the NBOR and the Board of Directors regarding alleged Code of Conduct violations shall be and remain confidential until the NBOR, or Board of Directors if an appeal is filed, has rendered its final decision, except:

- a. Information that is necessary to disclose in the course of an investigation to witnesses and other appropriate parties;
- b. Information disclosed pursuant to a subpoena or court order;
- c. Information disclosed to complaining parties or victims;
- d. Information disclosed by USA Swimming in response to disclosures by other parties or witnesses in the proceeding; and
- e. Information disclosed to law enforcement.

For the purposes of this section, a decision shall be considered final when either: (1) the NBOR has rendered its final decision and the 30-day appeal period has run without an appeal being filed; or (2) a party has appealed the decision of the NBOR to the Board of Directors and the Board of Directors has rendered its final decision on such appeal.

USA Swimming shall also disclose information, including, but not limited to, the initiation of an NBOR proceeding and its outcome, to a member club, LSC or Zone where an employee or volunteer of such club, LSC or Zone has been alleged in a complaint to have violated the Code of Conduct.

A redacted summary of each final decision of the NBOR and Board of Directors that includes a finding of a violation of the Code of Conduct may be published at the discretion of USA Swimming.

XV. Full Faith and Credit

See Article 401 of the USA Swimming Rules & Regulations.

XVI. NBOR Special Panel Procedures

USA Swimming has instituted background screening for coaches, non-athlete members, and certain athlete members, pursuant to USA Swimming's Background Check Policy. The background screening process is designed to flag criminal background information that constitutes a violation of USA Swimming's Code of Conduct, or otherwise fails to meet the automatic qualification criteria of USA Swimming's Safe Sport Program.

USA Swimming membership is a privilege. As is set forth in Article 304.1 of the USA Swimming Rules & Regulations, the privilege of membership may be withdrawn or denied by USA Swimming at any time where USA Swimming determines that a member or prospective member's conduct is inconsistent with the mission of the organization or the best interest of the sport and those who participate in it.

The USA Swimming background check report will return a "Review – Eligible for Dispute," "Review – Eligible for Appeal" or "Pass" score. A "Review – Eligible for Dispute" score is an automatic disqualifier for membership and can only be appealed on the grounds that the negative information in the subject's report is incorrect. A "Review – Eligible for Appeal" score indicates that the report includes public record information that, if correct, may not meet membership criteria. However, such a score is not an automatic ban to membership. Instead, the applicant is required to go through the NBOR special background check panel ("NBOR Special Panel") hearing process and an NBOR Special Panel will determine if membership is appropriate and if so under what conditions.

a. Pre-Adverse Action Letter

An individual whose background screen report returns a score of "Review – Eligible for Appeal" will receive a pre-adverse action letter that provides two options:

Option #1: The individual can challenge the accuracy of the information.

Option #2: The individual can acknowledge the accuracy of the report and appeal the negative membership decision. In order to request an appeal, the individual should contact USA Swimming by sending an email to backgroundcheck@usaswimming.org. The request should include the applicant's full name, date of birth, and the Request ID in the applicant information section of the background check report.

Individuals have 15 business days to respond to the pre-adverse action letter. If the individual fails to respond to the letter within 15 business days, USA Swimming will assume that there is nothing in the background check that the individual disputes and, as a result, may take any necessary actions regarding the individual's membership status or lack thereof.

In all cases, USA Swimming reserves the right to bring a NBOR hearing on the basis of background check report information, even if an applicant withdraws from the membership process.

b. Appeal Hearings – Scheduling

USA Swimming will schedule a background check appeal hearing before the NBOR Special Panel as soon as is practical.

c. Appeal Hearings – Hearing Panel Composition

Each NBOR Special Panel shall consist of three members with a sufficient number of eligible athlete representatives to satisfy the requirement that such athletes constitute one-third of the NBOR Special Panel, to hear and decide the case. Any time the content of a matter before the NBOR involves elite

athletes, the NBOR Special Panel must be comprised of 10-Year Athlete representatives. Each NBOR Special Panel will have a Chair who shall be the NBOR Chair or a Vice Chair.

When empaneling a NBOR Special Panel, the NBOR Chair will distribute a conflict of interest form to each potential panel member and the General Counsel will review the conflict of interest disclosure forms prior to empaneling members for a hearing. An alleged failure to disclose a conflict of interest will be submitted to the Ethics Committee for review under the USA Swimming Statement of Ethics and Conflict of Interest Policy.

d. Appeal Hearings – Case Disposition Information

Once a background check appeal hearing has been scheduled, the individual must provide the USA Swimming Background Check Coordinator (the “Background Check Coordinator”) with all available documentation regarding the criminal matter’s final disposition, including all documents related to any sentence, fine or conditions of probation imposed by the court. The hearing may be canceled if the individual does not provide all such documentation to the Background Check Coordinator by the stated deadline in the initial request by the Background Check Coordinator. However, if an individual fails to provide documentation by the deadline stated by the Background Check Coordinator, such that the hearing is canceled, USA Swimming may go forward with a second scheduled hearing without the documentation and ask the NBOR Special Panel to consider the lack of documentation in its finding.

e. Appeal Hearings – Notice of Hearing

The Background Check Coordinator shall set a hearing date, which shall be not more than sixty days from the date the individual requests an appeal hearing. The USA Swimming Background Check Coordinator shall prepare and distribute a Notice of Hearing, which must include the following:

- i. The name of the Respondent(s).
- ii. A statement of charge, which shall be set forth in sufficient detail to give the Respondent(s) reasonable notice of the charge(s) to be addressed.
- iii. The date, time, and conference call access information for the hearing.
- iv. The names of the members of the NBOR Special Panel.
- v. Any other general information, including the right to be represented by counsel, to have witnesses testify, and to submit any and all evidence which is relevant to the issues.

The Background Check Coordinator shall deliver the Notice of Hearing, together with Hearing Packet to the NBOR Special Panel, the individual, and USA Swimming’s designee. The Hearing Packet will contain, at a minimum, a copy of the individual’s member record, a copy of the individual’s background screen report, and a copy of available documentation regarding the criminal matter’s final disposition, including all documents related to any sentence, fine, or conditions of probation imposed by the court, along with any additional information submitted by the individual.

f. Appeal Hearing

The NBOR Special Panel shall cause a recording or transcription to be made of the proceedings.

If the individual provides advanced written notice that they are unavailable to attend the hearing at the scheduled time, the Background Check Coordinator shall reschedule the hearing to such date and time that all parties are available to attend. However, a NBOR Special Panel hearing may proceed without the individual if the individual attempts to cancel a second scheduled hearing that they previously agreed to attend or if they fail to be available at the appointed time without advance notice. The hearing will not proceed in the absence of USA Swimming.

The hearing may proceed in the absence of a hearing panel member only in the event the individual agrees to do so. The recording from the hearing will be provided to the absent panel members for review.

If the individual does not agree to do so, or if either the individual or USA Swimming is not present, the Chair of the NBOR Special Panel will adjourn the hearing and reschedule it for such time as the absent party can be present.

The hearing shall be opened by the recording of the time and date of the hearing, and the presence of the NBOR Special Panel members, parties, counsel, if any, and any other witnesses or observers. USA Swimming may then present an opening statement setting forth generally USA Swimming's view of the charges to be addressed.

The NBOR Special Panel Chair will begin by ensuring all participants are aware the hearing is being recorded, swearing in the membership applicant, and questioning the individual. Following completion of the Chair's questioning, the other NBOR Special Panel members will be afforded the opportunity to question the individual. USA Swimming will also be afforded the opportunity to question the individual. Following the completion of questioning, the individual will be allowed to present its witnesses and make any other pertinent statements.

USA Swimming will close by providing its recommendation to the NBOR Special Panel. At that time, USA Swimming the individual, along with the individual's counsel and any witnesses, will be dismissed so that the panel may deliberate.

g. Appeal Hearing – Decision

The NBOR Special Panel Chair will draft a written decision. The written decision will generally be rendered within seven business days of the hearing and will be distributed to all parties.

XVIII. Banned for Life Policy

Membership is a privilege, not a right, and members who demonstrate that they are not able to interact with children appropriately sacrifice that privilege. USA Swimming cannot be put in a position where it is required to develop, coordinate, monitor, or evaluate any type of “rehabilitation” program for members who have demonstrated that they are not able to interact with minors appropriately. NBOR panels that consider putting “rehabilitative” requirements on a member are putting an unreasonable strain on USA Swimming’s time and resources, and present potential liability issues for USA Swimming should members who have been sanctioned with any kind of “rehabilitative” requirement by a NBOR panel re-offend once they return to membership. As a result, such “rehabilitative” requirements or conditions must be avoided by NBOR panels.

The most severe penalty USA Swimming can assign is to permanently expel a member and add their name to the public list of individuals permanently suspended or ineligible. USA Swimming recognizes that sanctions imposed on members or former members cannot exceed restrictions on privileges tied to membership. For instance, USA Swimming cannot prohibit an expelled member from coaching for a non-member organization, giving private lessons, or running an unaffiliated swim camp, etc.

An individual cannot be banned for life in a specific membership category for life; a ban for life must be across all membership categories.

A ban for life is a permanent expulsion from membership. Individuals who have been banned for life and have exhausted or waived appeal opportunities do not have any recourse to subsequently request that their name be removed from the list, or request to be re-admitted for membership.

The Managing Director, National Team, after informing the staff and team captain(s), may modify the Honor Code as the circumstances may require from time to time, and shall give reasonable notice thereof to all team members.

c. National Team Discipline Enforcement Procedure

The following procedure shall apply to any violation of the Honor Code or the USA Swimming Code of Conduct (Article 304, USA Swimming Rules & Regulations) by an athlete that occurs during a National Team trip, including any training camps conducted as part of the trip. - The athlete shall be notified of the penalty assessed, provided a copy of these procedures and notified that he/she has a right to an expedited hearing pursuant to these procedures.
- If the athlete elects to accept the penalty, the Managing Director, National Team shall enforce the penalty and no hearing shall be held. - This procedure shall also be followed in the case of an alleged violation of the Honor Code or the USA Swimming Code of Conduct by a coach, physician, trainer/massage therapist, manager, administrator or official that occurs during a National Team trip, including any training camps conducted as part of the trip, where the penalty is to be assessed during the trip
- If a conflict of interest occurs then the person who is involved in the conflict shall recuse themselves from the panel.

Where the penalty to be assessed will result in the athlete being denied the opportunity to compete after completion of the trip or will not result in the athlete being denied the opportunity to compete:

- The athlete shall be notified of the penalty sought and that he/she has a right to a hearing pursuant to Part Four of USA Swimming Rules and Regulations.
- If the athlete elects to accept the penalty, USA Swimming shall enforce the penalty and no hearing shall be held. If the athlete requests a hearing, the Managing Director, National Team shall send the results of the investigation, together with the penalty, to the Chairman of the National Board of Review. The Chairman of the National Board of Review shall conduct a hearing with all rights of appeal pursuant to Part Four of the USA Swimming Rules and Regulations.

IV. Financial Policies

28.0 Financial Policies: Controls and Procedures

Date of adoption / Last revision: November 20, 2022

USA Swimming is dedicated to ensuring that all financial operations are conducted under the highest standards of integrity and ethics and in compliance with strict internal controls to safeguard the organization's assets and provide a strong financial foundation. USA Swimming operates on a calendar year, and all financial records are maintained on an accrual basis. Please contact USA Swimming Finance Business Unit for the comprehensive "Financial Policies and Procedures" document which further outlines the below topics and areas.

FINANCIAL REPORTS

External Reports:

The Chief Financial Officer shall prepare unaudited financial statements, quarterly and annually, for the Board of Directors. Financial statements are to be prepared in compliance with generally accepted accounting principles on the accrual basis and contain budget to actual amounts and variances. Reports will be provided for and discussed at the Board meetings.

Annual Audit:

The Audit Committee will engage an independent CPA annually to conduct an audit and audited financial statements will be presented to the Board of Directors. The annual audited financial statements may either be presented for acceptance to the Board of Directors at its April/May meeting or via a Board Action Without a Meeting (if necessary to fulfill USOPC reporting requirements given the current cadence of the USA Swimming Board meetings). After acceptance, the audited financial statements are posted on the website.

BUDGET PROCESS AND APPROVAL

Budget Preparation:

All expenditures made in the name of the corporation are subject to and governed by the annual operating budget approved by the Board of Directors. An annual budget for capital expenditures is also included in the operating budget.

The initial part of the budget process begins with the staff. According to the following timetable, the Chief Financial Officer (CFO) and Finance Business Unit will work collaboratively to prepare, analyze, and review revenues and expenditures with the applicable divisions, which are then reviewed with the Chief Executive Officer (CEO). The Business Unit Leaders will work with the committee chairs, vice chairs, and department heads to determine the financial needs for existing and ongoing programs and committees. They will also prepare proposals for any new programs the committees or departments deem appropriate for the coming year.

Please reference Performance Monitoring Report 3.6 – Budget for additional management parameters and Board governance policies pertaining to financial planning.

The Role of the Vice-Chair Fiscal Oversight:

With regard to the budget process, the Vice-Chair Fiscal Oversight should be the functional liaison between the staff and the Board. The Vice-Chair Fiscal Oversight's responsibility is to work with the CEO and the CFO to assure that the product that is delivered to the Board of Directors is in proper form and prepared in accordance with the budget policy and USA Swimming's strategic quadrennial Game Plan. It is not the Vice-Chair Fiscal Oversight's function to determine appropriateness of any specific budget items. It will, however, be appropriate for the Vice-Chair Fiscal Oversight to participate fully in the review process as a member of the Board.

Budget Amendments and Review:

The budget should be approved as a living document, one with built-in flexibility. The CEO should be charged to live within the budget. This means that he/she must be ever vigilant as to overrunning any specific budget category. He/she should be looking at the whole of the divisional budgets to determine that the intent of the Board of Directors is being carried out by the expenditure of funds within the division. It is, ultimately, the CEO's responsibility to review and approve all changes in the manner in which budgeted funds are to be expended. Minor changes to the budget programs already approved should be handled administratively by the CEO. The CEO is responsible to the Board to bring the overall expenditures in at year-end within budget. For new programs adopted during the year, and previously approved programs that have been greatly expanded, the Board will consider budget amendments to adequately fund the programs. Annual deficit spending is at the sole determination of the Board.

In order to determine that funds are being spent in conformity with the budget, a quarterly budget to actual expenditures report will be provided to the Vice-Chair Fiscal Oversight, and members of the Board by the CFO. Forecasts for the current quadrennium will be prepared and updated quarterly to assist with financial planning and budget preparation.

Budget Timetable:

April - November: Budget preparation, collaboration, and analysis begins and continues to be refined and finalized for the applicable year(s). The CFO continuously reviews and analyzes with CEO, Business Unit leaders, and Vice-Chair Fiscal Oversight.

November/December BOD Meeting: Proposed Budget distributed to Board of Directors ahead of the Board meeting. Board of Directors meet to review, amend, and approve the Proposed Budget.

OPERATING RESERVES

Philosophy:

The establishment and maintenance of a funded Board-Designated Operating Reserve is a high priority. This will enable USA Swimming to support strategic business practices and to:

Manage cash flow interruptions.

Minimize the need for working capital borrowing.

Meet commitments, obligations, or other contingencies.
Generate investment income.

Policy:

The purpose of this policy is to establish and maintain a funded Board-Designated Operating Reserve, unencumbered and uncommitted, at a level relative to the annual program funding and the costs of operating and maintaining the organization.

The Operating Reserve is intended to serve a dynamic role and is available to be utilized as needed rather than being static, devoted only to generating interest income.

Definitions:

Board-Designated Operating Reserve – Amounts reported in the Unrestricted Net Assets section of the balance sheet and identified as Board-Designated Operating Reserve.

Costs of Operating and Maintaining the Organization – USA Swimming’s net expenses for Program Services and Administration as reflected by the approved annual budget.

Funded Board-Designated Operating Reserve – A fund consisting of liquid assets and investments. Liquid assets are those that may be converted to cash quickly and easily. It is not required that Board-Designated Operating Reserve be physically segregated in a separate bank or investment account although USA Swimming may decide to do so.

Strategies and Procedures:

Board-Designated Operating Reserve shall be accounted for separate and apart from Undesignated Operating Funds.

The Investment Committee will have the responsibility for developing and recommending policies and guidelines for the investment of the Operating Reserve assets and the Board of Directors will approve such policies and guidelines.

The Operating Reserve goal will be to achieve and maintain at least six months of Program Funding and Operating Costs as defined in Section III.

Sources:

Assets for the **Board-Designated Operating Reserve** accounts will come from the retained earnings of the organization.

Uses:

Internal line of credit for use to financially operate the organization.

Funds to meet unfunded and unexpected organization needs.

Funds for emergency and emerging needs of subsidiaries.

Funds to make up a deficiency in budgeted revenue, either in results or collection experience.

Governance:

Depletion of the Operating Reserve will be evidenced by a negative balance in Undesignated Operating Funds. The procedure for approving use of the Operating Reserve Funds will be as follows:

By approval of the Board of Directors to fund unusual expenditures out of reserves.

By extraordinary expenses or loss of revenue and (or) investment losses. In this case, the following procedure will be followed:

The CFO will inform the Board Chair, the Vice-Chair Fiscal Oversight, and the CEO.

The Vice-Chair Fiscal Oversight will inform the Board of Directors at its next scheduled meeting.

If the Operating Reserve is and has been less than 75% of the targeted reserve level for two consecutive years, the Board of Directors, in the absence of any extraordinary circumstances, will adopt an operational budget that includes a projected surplus sufficient to rebuild the Operating Reserve Fund to its targeted reserve level over the following two years.

Maintenance:

The status of the funded **Board-Designated Operating Reserve** will be calculated (at least) at the end of each fiscal year based upon audited financial results.

Operating Reserve Ratio Calculation

The calculation formula will be based upon amounts defined in Section III as follows:

Unrestricted, Board-Designated Operating Reserve as of 12/31 = [Budgeted Annual Operating Budget] x 6/12

Example: \$19,118,295 = \$38,236,590 x 6/12

The adequacy of the Board-Designated Operating Reserve will be determined as follows:

Example:

Total Net Assets	\$31,175,406
Less: Board Designated USSIC Net Assets	<u>(\$8,956,083)</u>
Total Undesignated Net Assets	\$22,219,323

Less: Net Fixed Assets	(\$4,547,890)
Less: Prepaid Rent	(\$4,626,185)
Add: Deferred Revenue	<u>\$9,354,041</u>
Adjusted Undesignated Net Assets	\$22,399,289

Board-Designated Operating Res. (1/2 Budget)	<u>\$19,118,295</u> (above)
Excess Operating Reserve	\$3,280,994 (calc)

The Operating Reserve Ratio Calculation will be presented to the Vice-Chair Fiscal Oversight following approval of the financial audit results by the Audit Committee. The Vice-Chair Fiscal Oversight will consider the adequacy of the Operating Reserve amount and will recommend any changes as deemed necessary.

Policy Review:

This policy will be reviewed every four years by the Vice-Chair Fiscal Oversight or sooner if conditions warrant. Any changes thereto will be approved by the Board of Directors.

PURCHASING

POLICY: USA Swimming will employ sound business practices when purchasing goods and services to reduce costs and avoid conflicts of interest. Procurement of goods and services should be made by appropriate personnel and according to company guidelines. Please contact USA Swimming Finance Division for the “Financial Policies and Procedures” document which includes a Purchasing section.

Other Travel Considerations

1. Per Diem

Staff – USA Swimming will provide employees a per diem allowance to defray a portion of meal costs. The daily rate for per diem must be prorated for partial days and reduced if meals are

provided by USA Swimming or its affiliates (Sponsors, LSCs, coaches, etc.) Staff are encouraged to take advantage of on-site hospitality at events and breakfasts/meals provided at hotels. Where groups of staff dine together, the Senior-most staff member in attendance should pay for the meal. Again, per diem should be adjusted (excluded) for those meals. For domestic travel, USA Swimming follows current IRS regulations for per diem reimbursements utilizing the High-Low method for different cities within the contiguous United States. These rates are circulated, annually, and copies can be obtained from Finance. For Hawaii, Alaska, and international cities, USA Swimming provides 70% of the published IRS rates for those locations. International rates begin upon arrival in the foreign country and end upon departure from the foreign country. "High" domestic rates are used for all cities in Canada and Mexico.

- When it is necessary for a staff member to travel for the day (doesn't involve overnight stay), the staff member may not submit for per diem related to incidentals or breakfast but may submit for lunch per diem and dinner per diem if required to work after 7:00 p.m.
- Incidentals are included as a portion of daily per diem and is defined by IRS as fees & tips to porters, baggage carriers, and hotel staff, and fees for carts. Reimbursements for these items will not be granted.

Volunteers, Contractors, Athletes – Per diem may be provided at flat dollar amounts not to exceed \$50 per day for actual meeting/event dates (not to include travel days). No per diem is provided for travel days and no deductions will be calculated for meals provided by USA Swimming. Program managers can continue providing flat dollar amounts that are less than the \$50 per day based on their budgetary needs.

2. **Business Meeting Meals**

Business meeting meals and entertainment are allowable when meeting with business associates, the meeting took place where active business was conducted, and had a specific business purpose that clearly benefited the mission of USA Swimming. Documentation of business purpose and attendees are required.

Times achieved at an altitude of 3,000 feet or above may be adjusted as follows:

Time Adjustment

Event Distance	3000-4250 Feet	4251-6500 Feet	Above 6500 Feet

400 or 500	2.50 Sec.	5.00 Sec.	7.00 Sec.
800 freestyle relay	2.00 Sec.	4.80 Sec.	6.40 Sec.
800 or 1000	5.00 Sec.	10.00 Sec.	15.00 Sec.
1500 or 1650	11.00 Sec.	23.00 Sec.	32.50 Sec.

Information relative to the adjustment accompanying the entry form must include name of swimmer, event, date of performance, elevation location, actual time, corrected time, and signature of coach.

(2) A swimmer or relay may use the above adjustments to meet the national qualifying time standard and seeding will be based upon that time.

- .5 Only swimmers and relay teams entered using the procedures stated in the meet announcement shall be eligible to compete. Submitted times may be updated up to the entry deadline. No corrections or changes of events entered, or additional entries will be accepted after the entry deadline. Any swimmer who qualifies for the 1000 or 1650-yard freestyle or the 800 or 1500-meter freestyle may enter at his/her fastest time or at the time standard, if entered in two or more events on the day of the distance freestyle.

In USA Swimming National Championships, swimmers entered in the 800/1000 and 1500/1650 freestyle do not need to enter their best times but may enter themselves at the time performed at the meet distance (SC-SC, LC-LC) at the previous USA Swimming National Championships, provided they have made the short course yard, short course meter, or long course meter standard during the appropriate qualifying period. Swimmers will be seeded at their entered times.

- .6 USA Swimming reserves the right to challenge any submitted time.

When approved by USA Swimming, foreign swimmers who are not members of USA Swimming, may enter national championships provided they have met all qualifying requirements including submission of proof of entered times. (See also 207.8.3)

- .7 In order to score at USA Swimming National Championships, a swimmer must be eligible

to represent the United States in international competition.

- B Only swimmers listed on the entry form for an organization shall be eligible to compete for that organization in relay events.

Relay teams shall indicate on the entry whether they elect to be entered at their provable time or at the lowest priority non-conforming time standard. The time for each relay may be submitted as a composite or an aggregate time. Only times achieved in the same course (i.e., all short course or all long course) may be used for aggregate relay times.

A completed relay entry listing the competing relay swimmers, their first and last names, ages, and order of swimming, shall be returned to the clerk of course for each competing relay. Upon reporting to the starting blocks, immediately prior to the start of the relay heat in which such team is entered, the completed relay entry form shall be handed to the head lane timer. No change will be permitted thereafter and failure to present the head lane timer with written list of relay swimmers shall prevent such team from competing.

A fine of \$100 will be imposed on the organization obtaining deck credentials for each relay-only swimmer who does not compete in a USA Swimming National Championship relay. No penalty shall apply if the Referee is notified prior to the event and accepts proof that failure to compete was due to the relay-only swimmer's illness or injury, or to circumstances beyond the swimmer's control.

- .1 Time Trials — At all USA National Championships and Trials Class meets, Time Trials will be conducted on a time available basis for swimmers participating in the meet. Unless sanctioned directly by USA Swimming, these Time Trials shall be held under a separate sanction of the LSC where the meet is held and shall conform to the following conditions and format, subject to the time limitations specified in 207.10 and 207.11:
- A A swimmer is limited to a maximum of two Time Trials during the course of the championships.
 - B At the USA Swimming National Championships and Trials Class meets, a swimmer must be entered in the meet with a proved time (individual event or relay) to be eligible to participate in the Time Trials.

Except as noted in (4) below, Time Trials shall be swum in the order listed under the meet program as follows:

- (1) First Day: that day's events, followed by the remaining events in the meet, except on the first day of the Modified Four-Day Program, when only that day's events will be swum.
- (2) Second and all subsequent days except the final day: that day's events, followed by the events of the remaining day(s) of the meet, followed by the events of the previous days.
- (3) Final Day: that day's events; that day's 1500-meter/1650-yard freestyle events may be swum, followed by events of the previous days if time permits.
- (4) Exception: For long course championships, on the day the 50-meter freestyle is

contested, the 50-meter freestyle Time Trials will be the first event in the Time Trial program. On all other days, the 50-meter freestyle will be the last event of the Time Trial program.

- C Entry fees for Time Trials shall be the same as those established for the corresponding national championships.

.4 International Program — At the discretion of the National Team Managing Director, the USA Swimming National Championships may be conducted in a format with the order of events simulating the World Championship or Olympic program. All relays shall be conducted on a timed finals basis with all heats swum in the final's session.

207.10 ADMINISTRATIVE CONDUCT OF USA SWIMMING CHAMPIONSHIPS — The administrative rules for the conduct of the national championships and Open Water Championships are specified herein. Additional rules for Open Water Championships are listed in Article 704.

.1 General Meeting

- A A general meeting, chaired by the Program & Events Committee Coordinator (or his/her designee), shall be held at all USA Swimming championship meets prior to the first day's competition. The Meet Referee, all participating coaches, and representatives of each participating club are responsible for all information disseminated at the meeting.
- B Only business pertinent to the administrative conduct of that championship meet and its events may be considered and finalized at this meeting by a vote of those in attendance and no changes shall be made thereafter.
- C It is the obligation of every athlete entered in the meet to attend or be represented at this meeting and to become acquainted with the changes, if any, and the decisions made at this meeting.

Computerization — The organization(s) conducting the championship shall compile entry lists, heat sheets, final sheets, and final results, by computer.

Entry List — An entry list, by event, with submitted times shall be distributed to the coaches, swimmers, and officials on the morning of the day preceding the meet and copies shall also be available at the general meeting on the night preceding the meet.

Credentials — Credentials for national championships will be provided at no charge for participating athletes and officials who are members of USA Swimming. Credentials for coaches, managers, and chaperones to serve as admittance passes to national championships shall be issued to those persons listed on the submitted team roster according to the following schedule and is based upon the total size of the team. There shall be a surcharge of \$20.00 per person for spectator passes, which money shall become the property of the meet host. For clubs that wish to bring one certified massage therapist with their teams, a surcharge will apply if the massage therapist exceeds the deck pass formula below. These funds shall become the property of the meet host. All massage therapists must be non-athlete members of USA Swimming.

- A 1-3 swimmers in individual events, or 1-only relay team with any number of alternates: 1 deck pass; 1 spectator pass.
- B 4-6 swimmers in individual events: 2 deck passes; 1 spectator pass.
- C 7-9 swimmers in individual events: 3 deck passes; 1 spectator pass.
- D 10-20 swimmers in individual events: 4 deck passes; 2 spectator passes.
- E 21-30 swimmers in individual events: 5 deck passes; 2 spectator passes.
- F 31-40 swimmers in individual events: 6 deck passes; 3 spectator passes.
- G 41-50 swimmers in individual events: 7 deck passes, 3 spectator passes.

- J Unattached swimmers not with a team: 1 deck pass; 1 spectator pass.

Heat Sheets — Heat sheets for each preliminary and finals session shall be made available to coaches and/or team representatives no less than one hour before the beginning of each session. Complete results from each session shall be made available one hour prior to the next session.

.2 Schedule

- A Except as otherwise stated in the USA Swimming Policy Manual, a minimum of two (2) hours must elapse between the end of the last preliminary heat and the start of the first race in the finals on any one day, during which time the pool must be available for warm-up. Starting times for the preliminary and finals sessions shall be published in the meet information and reviewed at the general meeting. Starting times shall be as consistent as possible throughout the meet. At the general meeting, a schedule shall be made available for the first day's competition, including starting times for the first race in each preliminary event and for each race in the finals. Each day a schedule shall be made available for the following day's competition including all the same information. No event shall start prior to the time established for that event or race.
- B At the discretion of the Program & Events Committee Coordinator (or his/her designee), the preliminary sessions may be conducted in two courses.

.3 Warm-up Schedule — A schedule of lanes, times and warm-up procedures which must be adhered to shall be established and must be distributed during the general meeting.

.4 Eligibility Protests

- A An Eligibility Jury composed of three persons in attendance at each national championship

shall be appointed by the Program & Events Committee Coordinator (or his/her designee) prior to the start of the meet to consider protests pertaining to the eligibility of any swimmer to compete or to represent an organization. The Eligibility Jury shall consist of an athlete, a coach and an official.

- B All protests made prior to or during the championship shall be submitted to the Eligibility Jury on a form prescribed by USA Swimming and accompanied by a \$50 fee, which shall be returned if the protest is upheld. The \$50 fee shall not be required for protests submitted by the Registration Committee or LSC Registration Chairpersons.
 - C Protests shall be heard by the jury and, if possible, decisions rendered before the start of events on the day in which the protested swimmer competes, but no later than the last night of the championships. The opportunity to be heard shall be given to both the party lodging the protest and the party or parties charged.
 - D Until the Eligibility Jury renders a decision, the swimmer may compete under protest. An announcement to this effect shall be made prior to the race. The results of any race conducted under protest shall not be announced, nor prizes awarded, nor points scored until the jury has determined if and how their decision may affect the final scoring or awards.
 - E The decision of the jury may be appealed by either party to the National Board of Review, pursuant to Part 4. Protests submitted after the last day of the championships shall be submitted directly to the National Board of Review.
 - F Any such decision of the National Board of Review shall be published on the USA Swimming website.
- .5 Technical Rules Protests — Prior to the start of the meet the Program & Events Committee Coordinator (or his/her designee) shall appoint a Technical Jury composed of at least one swimmer representative, at least one coach, and at least one, but not more than three other persons. Written protests involving technical rules, except disqualifications due to judgment decisions by the deck officials, shall be made to the Meet Referee within 30 minutes of the protested act or occurrence. Decisions of the Meet Referee regarding these protests may be appealed to the Technical Jury, whose decision must be made the day of the protest and shall be final. The jury cannot adjudicate judgment decisions, which can only be considered by the Referee under Section 102.11.
- .6 Scratch Procedures
- A Swimmers may scratch from an event in which they are entered by following the procedures set forth in the meet announcement.
 - B The scratch deadline for the first day's events shall be fifteen (15) minutes after the general meeting is adjourned. The scratch deadline for all subsequent days' events shall be thirty (30) minutes after the time established for the start of the final's sessions.
 - C In all events where preliminary heats are necessary, after the heats have been seeded, any swimmer who fails to compete in an individual event heat in which such swimmer entered and has not been scratched in accordance with sub-paragraphs A and B above will be

barred from all further individual and relay events of that day. Additionally, that swimmer shall not be seeded in any individual events on succeeding days unless that swimmer declares an intent to swim prior to the close of the scratch box for that day's events.

D Scratching from finals:

- 1) Any swimmer qualifying for a bonus, consolation or championship final in an individual event who fails to compete in said final shall be barred from further competition for the remainder of the meet, except as noted in paragraph E. A declared false start under 101.1.3F or deliberate delay of meet under 101.1.5 is not permitted and will be regarded as a failure to compete.
- 2) In the event of withdrawal or barring of a swimmer from competition the Referee shall fill the bonus, consolation, or championship final final, when possible, with the next qualified swimmer(s). First and second alternates shall be announced along with the final qualifiers. These alternates shall not be penalized if unavailable to compete in the finals.
- 3) Where bonus and consolation finals have not been swum and a barring or withdrawal is known to the Referee, the Referee shall reseed the bonus, consolation, or championship final, if necessary, to insert the alternate(s) in the appropriate lane(s), filling all lanes in the final.
- 4) If the bonus and consolation finals have already been contested, the (championship) final shall be swum without reseeding for the empty lane(s).

E. Exceptions for Failure to compete — No penalty shall apply for failure to withdraw or compete in an individual event if:

- (1) The Referee is notified in the event of illness or injury and accepts the proof thereof.
- (2) A swimmer qualifying for a bonus, consolation or championship final based upon the results of the preliminaries notifies the Referee within thirty (30) minutes after announcement of the qualifiers for that race that they may not intend to compete and further declares their final intentions within thirty (30) minutes following their last individual preliminary event.
- (3) It is determined by the Referee that failure to compete is caused by circumstances beyond the control of the swimmer.

F. Notwithstanding the provisions of 207.11.6, the scratch procedures for the United States teams for the Olympic Games, the FINA World Championships, the Pan Pacific Championships, the Pan American Games, or the World Student Games shall be established by the National Team Steering Committee and the Program & Events Committee Coordinator (or his/her designee).

.7 Seeding

- A Entrants in the 1000yd/800m and 1650yd/1500m freestyle must check in and confirm their intention to compete prior to the scratch deadline in order to be seeded. Seeded heat sheets shall be published at the conclusion of the finals the evening before, except that in the five-day format, seeded heat sheets for the 800m freestyle shall be published two hours prior to the

scheduled starting time for that event. The swimmers shall be listed in the meet program in the order of submitted times, beginning with the fastest.

B Seeding individual events when using non-conforming and bonus times shall be as follows:

- (1) All conforming times will be arranged in time order.
- (2) In a long course championship meet, non-conforming short course meter times will be arranged in time order followed by non-conforming yard times; in a short course meet, non-conforming long course times shall precede non-conforming short course times.
- (3) Conforming bonus times, if permitted, will be arranged in time order after the times that meet the qualifying standards, in the precedence specified in (2) above.
- (4) Non-conforming bonus times, if permitted, will be arranged in time order after the times that meet the qualifying standard and after conforming bonus times, in the precedence specified in (2) above.
- (5) After arranging the times as provided above, the event will be seeded in normal fashion.

.8 Finals —The order of final heats for each meet shall be approved by the Program & Events Committee Coordinator (or his/her designee).

.9 Scoring — Except for Trials Class meets, scoring at the USA Swimming National Championships shall be mandatory.

A Foreign national teams entered in the National Championships will not be scored for team awards.

B Foreign swimmers may not score points for a USA Swimming team at the USA Swimming National Championships, but, subject to USA Swimming representation requirements, may represent that team and receive awards.

C Scoring at the USA Swimming National Championships will be on a sixteen (16) place basis. Individual events: 20, 17, 16, 15, 14, 13, 12, 11, 9, 7, 6, 5, 4, 3, 2, 1. When a 10-lane pool is used for finals at the National championships, the scoring shall be on a twenty (20) place basis with the values for the individual events as follows: 24, 21, 20, 19, 18, 17, 16, 15, 14, 13, 11, 9, 8, 7, 6, 5, 4, 3, 2, 1. Relay events receive double these point values.

D To be eligible for Combined Men's and Women's Team Awards, a team must have scored points in both the Men's Team and Women's Team Categories.

35.0 USA Swimming Times Module – Policy and Guidelines

Date of adoption / Last revision: March 23, 2021

1.0 OVERVIEW

In June 2003 USA Swimming launched a browser-based database system that consolidated 30 different types of databases utilized by volunteers and staff to serve its athlete and nonathlete members. With membership data and times data linked for the first time, SWIMS (**S**wimming **W**eb-based **I**nteractive **M**embership **S**ystem) is a comprehensive and inclusive database. SWIMS is a composite of membership data and history and a databank of times swum for nearly every athlete member since June 2003. It is expected that LSC SWIMS officers will submit all eligible times from LSC sanctioned, approved, and observed competitions into SWIMS to provide USA Swimming with complete data for meet entry, athlete tracking, and research.

2.0 PURPOSE

- 2.1. The purpose of this manual is to provide general guidance to the swimmers, coaches, and volunteers who will be providing or using the times data in the SWIMS system. The guidelines describing the functions of the Times Module of SWIMS are meant as a handbook for the LSC Times Volunteers who use SWIMS.
- 2.2. Times for USA Swimming members that have been entered into SWIMS are visible on the look up feature on the USA Swimming website.
- 2.3. The primary purpose of the Times module in SWIMS is to provide a database of all official times that conform to the requirements stipulated in the Timing Rules section of the Technical Rules portion of the USA Swimming Rules and Regulations. Open Water times are not included in the SWIMS database.

3.0 RESPONSIBILITIES

- 3.1. Each LSC is responsible for data entry of times within its geographical boundaries. There may be exceptions as agreed upon by specific LSCs.
- 3.2. Times from the following meets will be entered into SWIMS by the host LSC:
 - A. Sanctioned and approved LSC Meets
 - B. YM/YWCA/AAU Championships
 - C. Other swims that have been authorized for observation (NFHS and USMS, IPC)

NOTE: Times from observed swims and approved meets will be entered into SWIMS by the LSC for USA Swimming member athletes with USA Swimming ID numbers or full legal names and birth dates provided in the electronic meet results or separately on paper. NCAA meets are run as approved competitions, managed by the host school without LSC authorization, and results are entered by USA Swimming staff.

3.3. The following meets do not fall under the LSC responsibility for data entry:

- A. USA Swimming Trials, ConocoPhillips National Championships, including time

trials, and United States Open Championships

- B. USA Swimming Short Course (SCY) Championships, including time trials.
- C. USA Swimming Speedo Junior Championships, including time trials.
- D. World Cup, World Championships (short and long course), Olympic Games, World University Games, Pan American Games, Pan Pacifics, Junior Pan Pacifics, including time trials (inclusion of times from these meets will be done for American athletes only). Foreign athletes who wish to use these times to compete in USA Swimming meets should present results to USA Swimming staff (Times) for inclusion in SWIMS.
- E. Pro Series and Futures meets, including time trials, unless the LSC is specifically requested to enter the meet into SWIMS.
- F. Certain International competitions at which a USA Swimming National Team competes.
- G. NCAA meets.
- H. Foreign meets authorized by a FINA member that are attended by USA Swimming registered swimmers (See description of foreign meets in 4.4).

4.0 TYPES OF MEETS INCLUDED

This summary is intended to help clarify the key differences about the various types of swims generating “official” USA Swimming times. More detailed information and definitive regulations are available in USA Swimming Rules and Regulations (Article 202) in which requirement and conditions for sanction, approved competitions, NCAA meets, and observed swims are defined.

4.1. SANCTIONED MEET

- A. All participants must be members of USA Swimming (including meet directors, coaches [all persons acting in any coaching capacity must be coach members], officials, athletes, and participating clubs).
- B. Meet must be conducted under USA Swimming technical and administrative rules.
- C. All official times achieved will be recognized by USA Swimming.

4.2. APPROVED MEET

- A. There are no requirements for USA Swimming athlete membership for meet participation.
- B. Approvals may be issued to non-member clubs/organizations for meets conducted in accordance with USA Swimming technical rules, including those requirements stipulated under the Timing Rules section of the Technical Rules portion of USA swimming Rules and Regulations.
- C. Approvals may be issued to member clubs for closed competition (such as YMCAs) conducted in accordance with USA Swimming technical rules.
- D. Approvals may be issued to member clubs for open competition conducted in accordance with USA Swimming technical rules if that competition has been specifically approved by the USA Swimming staff leader or designee(s). (See

Form E in attachments.)

4.3. OBSERVED MEET

- A. There are no requirements for USA Swimming athlete membership for meet participation.
- B. Meet is conducted under technical rules other than USA Swimming (e.g., high school, Masters, IPC).
- C. A request for observation must be made to the LSC at least ten (10) days prior to the meet. Policies and procedures may vary between LSCS.
- D. Times from swim(s) observed and approved by association officials working season culminating championship meets and invitationals are recognized by USA Swimming (except for NCAA meets – see below). Official times of USA Swimming members are eligible for inclusion in the SWIMS database. A USA Swimming official must verify that all swims approved for USA Swimming purposes were in accordance with the following requirements.
 - (1) Minimum of one referee, one starter and two stroke & turn judge association officials working season-culminating championship meets and invitationals.
 - (2) 102.24 (Timing Rules)
 - (3) 103.3 (Racing Course Dimensions); and
 - (4) 103.14 (Starting Platforms)
- E. Times for events achieved at NCAA bona fide competition as defined in the current NCAA Rules and Interpretations shall be regarded as approved times for USA Swimming purposes and are to be submitted within 72 hours after the meet has ended to ncaa@usaswimming.org.
- F. If technical rules of the stroke differ from USA Swimming as defined in Article 101, at least two observers from USA Swimming and/or the YMCA, who shall be certified Stroke & Turn Judges assigned or approved by the LSC, must be present on the deck. If at least two of the four association officials are dually certified, no further observers are required. Where the technical rules are identical, the judgement of the organization officials shall be sufficient.

4.4. FOREIGN MEET

- A. For times from a foreign meet sanctioned by another FINA member to be included in SWIMS, the meet must comply with the minimum standards for an official time as stipulated under the Timing Rules section of the Technical Rules portion of the USA Swimming Rules and Regulations.
- B. Best times may be requested for an athlete who needs the times to qualify for entry into a championship level meet for USA Swimming. Events, times swum, and a link to official meet results must be provided to the Chair of the Times and Recognition Committee for data entry.
- C. This category of foreign meet does not include international competitions at which the USA Swimming National Team is competing. Times submission from such International meets is the responsibility of the USA Swimming staff to submit.
- D. The USA Swimming member must be representing his/her club or swimming unattached for a time to be included in SWIMS. If a USA Swimming member is also a foreign federation athlete, the swimmer may represent his/her foreign club in a foreign meet.
- E. USA Swimming has an “open border” policy with Puerto Rico, Canada, Bermuda, and the U.S. Virgin Islands. Travel documents are not necessary for

their athletes or clubs traveling to the United States and are not necessary for USA Swimming's athletes traveling to these countries. Swimmers who wish to compete in international meets outside of these countries must obtain a Foreign Travel Permit through the LSC Registrar and USA Swimming Membership Services before competing in a foreign meet.

4.5. TIME TRIALS

- A. Time trials conducted at meets other than the competitions defined in 3.3 must conform to the following:
 - (1) Time trials must be sanctioned by the LSC and conducted in accordance with all USA Swimming Technical Rules and abide by the Requirements for Sanction stipulated in the Administrative Regulations of Competition portion of the USA Swimming Rules and Regulations.
 - (2) Time trials must be authorized in accordance with established LSC procedures.
 - (3) If a time trial is conducted in conjunction with a collegiate meet, an approved meet, a USMS meet, or other meet authorized for USA Swimming observation and it is officiated to the same standard as the authorized meet, times may be entered into SWIMS.
 - (4) All time trials meeting the above specifications should be uploaded into SWIMS.
 - (5) Electronic results (SDIF, .cl2, XDIF, HY3) of the time trials may be loaded into SWIMS as part of an accompanying swim meet or separately. The preferred method is separate results files. All results must be entered into the proper event description in the meet file.

4.6. ALTITUDE ADJUSTED TIMES

- A. Information on Altitude Adjusted Times may be found in the USA Swimming Policy Manual. Altitude Adjusted Times may be used to enter USA Swimming Sanctioned Meets. They may not be used for records or recognition purposes.
- B. Times achieved at an altitude of 3,000 feet or above may be adjusted as follows:

Time Adjustment

Event Distance	3000-4250 Feet	4251-6500 Feet	Above 6500
200	.50 Sec.	1.20 Sec.	1.60 Sec.
400 or 500	2.50 Sec.	5.00 Sec.	7.00 Sec.
800 freestyle relay	2.00 Sec.	4.80 Sec.	6.40 Sec.
800 or 1000	5.00 Sec.	10.00 Sec.	15.00 Sec.
1500 or 1650	11.00 Sec.	23.0 Sec.	32.50 Sec.

- (1) Subtract the time indicated above from the actual time achieved at altitude. This is the time to be used on the entry form and seeding will be based on that time. Information relative to the adjustment accompanying the entry form must include name of swimmer, event, date of performance, elevation location, actual time, corrected time, and signature of coach.
- (2) A swimmer or relay may use the above adjustments to meet the national qualifying standard and seeding will be based upon that time.

5.0 SWIMMING RECORDS

World Records and USA Swimming Records (including American and United States Open Records, National Age Group (NAG) Records, Zone Records, and LSC Records) must comply with the requirements stipulated under the Rules for Timing Records section of the Technical Rules portion of the USA Swimming Rules and Regulations. USA Swimming record applications shall be submitted to USA Swimming and shall be approved by the Times and Recognition Committee.

- 5.1. Applications for all USA Swimming records shall be posted on the USA Swimming website.
- 5.2. Applications and all required paperwork for American and United States Open Records must be submitted within 14 days of performance.
 - A. An American Record may be established only by United States citizens eligible to compete under and achieving an official time in accordance with USA Swimming rules. Records may be established in or outside of the United States.
 - B. A United States Open Record may be established only within the geographical territory of the United States by any person eligible to compete under and achieving an official time in accordance with USA Swimming rules.
 - C. Pool measurement as stipulated under the Pool Measurement portion of the American and United States Open Records sub-section of the Technical Rules section of the USA Swimming Rules and Regulations is required. Record applications will not be accepted unless certification of course length accompanies the application or is already on file with USA Swimming. Certifications last indefinitely unless structural changes are made to the pool. The length of the course shall be measured and certified by a qualified person in accordance with the standards established by USA Swimming.
 - D. In a pool where a moveable bulkhead is used, course measurement of the lane in which the record was set must be confirmed at the conclusion of the session during which the time was achieved.
 - E. Times must be registered by automatic equipment and submitted in hundredths of a second.
 - F. If an American Record or United States Open Record is set at the USA Swimming National Championships, Junior National Championships, United States Open Championships, or any USA Swimming Selection Meet, National Event staff and/or the USA Swimming staff leader, or designees will compile and submit all documentation and ensure that all requirements have been met.
 - G. Lead-off legs/initial distances of mixed gender relays shall not count for American or U.S. Open records.
 - H. If a swimmer in a NCAA Bona Fide competition sets a record, the referee shall stipulate that the athlete was not wearing illegal tape on the record application or confirm this with the USA Swimming staff leader or designees.
- 5.3. Applications and all required paperwork for NAG records must be submitted within 30 days of performance.
 - A. Only USA Swimming members who are U.S. citizens representing a USA Swimming club or competing unattached are eligible to establish National Age

Group records. Times submitted for Age Group Records must comply with all requirements stipulated in the National Age Group Recognition Program detailed in the Administrative Regulations of Competition of the USA Swimming Rules and Regulations.

- B. The official times for establishing specific records in short course yards or long course meters must be achieved as determined in accordance under the Timing Rules section of the Technical Rules portion of the USA Swimming Rules and Regulations.
 - C. If a NAG record is set at a USA Swimming National Championship, Junior National championship, United States Open, or USA Swimming Selection meet, National Event staff members and/or the USA Swimming staff leader or designees will provide documentation and ensure that all criteria are met. NAG records achieved at Sectional, Arena Pro, or Futures meets do not require application. Times and Recognition Committee will document and award record status.
 - D. Measurement of the pool is not required for a NAG Record. In signing a NAG application form, the meet referee is confirming the validity of the time, the swim, and the course.
 - E. If an NCAA competitor sets a NAG record in a Bona Fide competition, the referee shall stipulate on the application that the swimmer was not wearing illegal tape.
- 5.4. Specific requirements for Zone records and LSC records will be set by the appropriate Zone or LSC.
- 5.5. A record will be recognized in the competition category in which it was earned.

6.0 AGE GROUP RECOGNITION PROGRAM

- 6.1. It is the responsibility of the Times and Recognition Committee to establish an Age Group Recognition Program and the NAG motivational time standards chart. The Time and Recognition committee may consider and make changes prior to the start of a new awards period in accordance with the USA Swimming Rules and Regulations.
- 6.2. The Age Group Recognition Program will recognize the following for short course yards and long course meters:
- A. The top ten individual times in a single age group beginning at age 11 through age 18.
 - B. The top ten relay times beginning with age group 11-12 and continuing for the 13- 14, 15-16, 17-18, and 15-18 age groups.
- 6.3. The Age Group Recognition Program will use a 12-month qualifying period beginning on September 1 of the prior year to August 31 of the current year to determine eligibility.
- 6.4. All times must be reported no later than September 7th of the current year for the previous 12-month period (September 1-August 31). The lists on the website will be considered final no later than October 15th. The lists produced by the TOP TIMES/EVENT RANK SEARCH feature on the USA Swimming website will be

- considered the official lists.
- 6.5. A time that would have made the top ten list if correctly submitted prior to the deadline may be awarded a certificate of performance at the discretion of the Times and Recognition Committee. A supplemental list may be published after the list has been declared final. However, no previously recognized authentic time will be removed from the final listing.
 - 6.6. The Times and Recognition Committee, with the recommendation of the Zone Top Times Sub-committee has the authority to resolve issues that may arise. Corrections and additions are the duties of the LSC tabulators. It is the LSC tabulator's responsibility to screen the lists posted throughout the year for discrepancies and omissions. Questions should be addressed to the LSC tabulators.
 - 6.7. Each LSC shall appoint a Top Times tabulator to lead these responsibilities. A list of all LSC tabulators, and a list of the Zone Top Times tabulators, will be available on the web site.
Zone Top Times Preview Lists will be posted on the Zone websites according to a schedule authorized by the Times and Recognition Committee.
 - 6.8. Each LSC is responsible for printing and distributing the Top Ten certificates for their athletes. The certificate template will be available from the USA Swimming website and the LSC Top Times tabulator will use the Top Times Report from SWIMS to generate their list.
 - 6.9. Until the National Top Ten Times list is final, lists of current age group top times achieved and retrieved from the USA Swimming, Zone and LSC websites are drafts and may contain errors.

7.0 TIME VERIFICATION PROCESS – APPROVED MEETS

Guidelines for Approved Meets beginning September 1, 2013

1. In order to comply with Article 202.6 in the USA Swimming Rules and Regulations, approved meets shall comply with USA Swimming technical rules.
2. Article 202.6.8D requires compliance with Article 102.10 Officials.
3. Per Article 102.10, an Administrative Official or additional Referee is required for all sanctioned and approved meets. The Administrative Official and Referee may not act in more than one officiating capacity.
4. In approved dual meet competition, the meet referee may also act as a stroke and turn judge. The starter may also act as a stroke and turn judge.
5. For a Y Closed League meet, a Y certified Administrative Official, or a Y Level II official acting in the administrative capacity can fulfill the requirement stipulated in Article 102.10.
6. For all other approved meets (non-closed league meets), such as a State Games meet, Black Heritage meet, or AAU competition, or USA-S club hosted approved meets, an Administrative Official certified by USA Swimming is required for approval authorization by the LSC.
7. The meet referee or designee is responsible for entering the AO into OTS along with the other meet officials.

7.1. APPROVED YMCA AND AAU MEETS

- A. For YMCA Closed League Meets, effective September 1, 2006, the YMCA of the USA adopted the USA Swimming technical rules for the conduct of all of its swimming competitions. As a result, there are no longer any differences in the technical rules by which swimmers will be judged when participating in swimming competitions hosted by either USA swimming or the YMCA. As a further result, YMCA sanctioned swimming competitions (multi-team meets, large invitationals, and championship competitions) should be eligible to be treated as an “approved” meet as defined under USA Swimming Rules and Regulations and there is no longer a basis for “observed swims” with respect to YMCA swimming competitions.
- B. The following is a list of the requirements for a swim meet hosted by a YMCA swimming club or AAU club to be considered an Approved Competition:
- (1) Requests for approved meets should be submitted to the LSC Sanction Chairman of the LSC in which the meet will be conducted.
 - (2) YMCA clubs who are also USA Swimming clubs may host sanctioned competitions, but only in their capacity as a USA Swimming club and only if all competitors in the competition are members of USA Swimming.
 - (3) Written application for approval shall be made not later than the period established by the LSC prior to the competition. The LSC may establish a fee for processing such applications. Fees to the LSC according to their policies and by-laws may be assessed. Application for approval shall be accompanied by a complete meet or event information and statement of the nature and value of prizes to be awarded. Payment of a fee or expenses to the assigned USA Swimming officials shall not be a requirement for approval.
 - (4) An issued Approval is not transferable.
 - (5) No further Approvals shall be given if the YMCA or AAU club has failed to satisfy expense obligations to athletes or to award prizes as stated on its entry blank or meet information until such obligations are satisfied or the prizes awarded.
 - (6) No Approval will be granted if the words “Olympic,” “World,” “Nationals,” “United States of America,” or any derivative thereof is used in any manner in connection with the competition unless consent for such usage is obtained from USA Swimming.
 - (7) The following clause must appear on all approval forms and on all forms upon which official approvals are granted: “In granting this approval it is understood and agreed that USA Swimming shall be free and held harmless from any liabilities or claims or damages arising by reason of injuries to anyone during the conduct of the event.”
 - (8) Complete results shall be submitted to the LSC within a period of time established by the LSC.
 - (9) All approvals must be signed by an authorized representative of the LSC, and record kept by the LSC.

- (10) An Approval may be withheld or withdrawn by the LSC if the competition was not conducted in accordance with the above requirements.
- (11) If an event is to be contested in more than one LSC's or country's jurisdiction, the application for approval shall be submitted to the LSC in which the event begins. The LSC granting the Approval shall notify the other LSC(s) and/or the governing body of the other country in which the event is being contested of the details of the event.
- (12) YMCA clubs who are also registered as USA Swimming clubs should be aware that USA Swimming insurance may not provide coverage when hosting an approved competition or when attending an approved competition if not all competitors from the club are USA Swimming members.

7.2. Mutual Guidelines for YMCA Teams, AAU Teams, and USA Swimming Officers for SWIMS Database

- A. The following criteria must be met if a YMCA or AAU team wishes to have times for its athletes entered into SWIMS:
 - (1) The meet must be run according to the guidelines of Part One, Technical Rules, USA Swimming Rules and Regulations. In lieu of an Administrative Official or second referee to comply with 102.10, a Level II Y certified official designated to fulfill the position of Administrative Official may be used at a Y meet.
 - (2) The meet shall be "Approved" by the host LSC according to its by-laws or formal policies and in accordance with the Requirements for Approval section of the Administrative Regulations of Competition of the USA Swimming Rules and Regulations.
- B. While the Y meet results file is official for YMCA purposes, in order to ensure that swimmers in an approved Y meet are able to represent the Y/USA Club team, the host team can require each Y team to send a list of a club's USA-S registered swimmers obtained from the USA-S Club Portal with their entries. At the conclusion of the meet, any swimmer who must be shown as UN in the USA- S database should be un-attached in the meet file and any relays the swimmer competed on should be deleted by the meet host. The meet host can also work with the LSC registrar and, if both agree, send a post meet recon file to the LSC, and then make any corrections upon receipt of the recon before submission of results to the LSC for USA Swimming purposes.
- C. Upon completion of a swimming competition and within seven (7) days of the end of the meet, the Meet Manager Back-up File should be sent to the SWIMS Times Officer in the LSC. The SWIMS officer will export a meet results file which will include the times for USA Swimming registered athletes for loading into SWIMS.
- D. Times loaded into SWIMS will show the athletes attached to the USA Swimming club name if that name is the same as the YMCA or AAU team name. If the name of the team is different, the times may show up as LSC UN. A USA Swimming member swimmer who is unattached will appear LSC UN in

the database.

8.0 NCAA Meets

1. Beginning in September 2017, the NCAA adopted the Fina Technical Rules for swimming. NCAA meets are no longer required to be observed by USA Swimming. Times from NCAA meets in all divisions are eligible to be used for USA Swimming purposes if the following criteria are met:
 - A. The meet is a bona fide competition as defined in the current NCAA Swimming and Diving Rules and Interpretations Book. Bona fide competitions include the following:
 - (1) Competition is between two or more teams of the same gender at the same time and site, from different collegiate institutions.
 - (2) All competitors are eligible by NCAA standards.
 - (3) Meets must be on the institutions' approved competition schedule.
 - (4) Meet officials must be qualified and/or certified.
 - B. For each meet, officiating must be in compliance with NCAA rules for Officials and their duties as stated in the NCAA Rule Book.
 - (1) There shall be a sufficient number of officials to properly conduct the meet. For dual, double-dual, triangular, and quadrangular meet competitions, it is recommended that a minimum of two, three, or four officials be used to properly observe all competitors equally and enforce playing rules.
 - (2) For championship and invitational competition, it is recommended that a minimum of six officials are used.
 - (3) It is the host institution or conference meet committee's responsibility to ensure compliance with the minimum number of officials or to receive mutual (unanimous) consent to change the minimum requirements.
 - C. Meet results shall be sent to naaa@usaswimming.org within 72 hours of the end of competition. It is the responsibility of the USA Swimming Times Staff to ensure the requirements of a bona fide competition are met.
 - D. The NCAA Meet Referee shall have full jurisdiction over the meet and shall see that all rules are enforced.
2. If a NCAA institution hosts an LCM meet, the referee shall provide names and events to the USA Swimming staff leader or designee(s) for any competitor wearing illegal tape.

9.0 TIMES VERIFICATION PROCESS – OBSERVED SWIMS

- A. The intent of observing swims is to provide an opportunity primarily for high school swimmers who cannot compete in LSC sanctioned meets during their association season to achieve times that may be used to enter USA Swimming meets. An important difference between "Approved" and "Observed" is conformance to administrative rules and technical rules (required for Approval) vs. technical rules only (required for Observation).
- B. Observation is for the specific purpose of ensuring that swims performed by USA

Swimming members are in compliance with the Timing Rules, Racing Course Dimensions, Starting Platform, and Individual Strokes & Relays sections of the Technical Rules portion of the USA Swimming Rules and Regulations. Meets run by dual certified officials (i.e., NFHS/USA-S, USMS/USA-S) do not require additional USA-S observers at the meet. The dual certified officials shall record any USA-S disqualifications for USA-S swimming rules which would not be disqualifications under the rules of the meet. Where the technical rules as listed in Article 101 are identical to those of the host organization, the judgement of the organization officials shall be sufficient.

- C. At meets which do have separate USA-S observers (a minimum of 2 is acceptable), the USAS observers shall record ONLY disqualifications for USA Swimming rules which would not be disqualifications under the rules of the meet. Where the technical rules as listed under Individual Strokes and Relays of the Technical Rules of the USA Swimming Rules and Regulations are identical to those of the host organization, the judgment of the organization officials shall be sufficient.
- D. An administrative disqualification or an organization disqualification that is not a violation of USA Swimming technical rules should not invalidate an achieved time. Either the dual certified officials or the USA-S observers shall work with meet administration to record/report the time when submitted to the SWIMS Times database for high school competitions.
- E. Following are certain minimum criteria that must be applied to all high school, Masters, and any other meets authorized to have swims observed. The LSC NTV officer has the responsibility of verifying compliance.
 - a) Timing must comply with the Timing Rules stipulated in the Technical Rules section of USA Swimming Rules and Regulations.
 - b) If separate officials are being used for observation, officials must be present on the pool deck.
 - c) The number of host association meet deck officials (high school, USMS, etc.) must meet the minimum requirements as stipulated in Article 202.8.3A, which must include a referee, a starter and two stroke and turn officials.
 - d) The meet shall be on the published calendar of the appropriate school, league, conference, etc. Observation of high school competition shall be authorized for meets in the championship progression and large invitational meets run according to championship protocols and specifically authorized by the USA Swimming staff leader or designee(s).
 - e) A time trial held in conjunction with a meet whose swims are authorized for observation may also be observed if the time trial will be officiated to the same standard as the authorized meet.
 - f) All times for observed swims in high school meets shall be entered into SWIMS as LSC UN with the exception noted in 9.1.6D.
 - g) Observed swims not in compliance with USA Swimming rules should be recorded and compiled by a USA Swimming NTV official in the host LSC.
 - h) The LSC is encouraged to provide a list of valid observed swims from meets posted on the LSC website, or if complete results have been posted elsewhere, a link to the results and a listing of those swims that were NOT in compliance with USA Swimming rules. A record of

observed swims not accepted should be kept by the LSC NTV officials for a period of one year.

- i) Upon request, and although not a rules requirement, notification of any swims not accepted due to USA swimming technical rule violations may be provided to swimmers involved.

- F. To have a meet authorized for observation of swims, a request must be made to the designated LSC official at least ten days prior to the meet in accordance with LSC rules.
 - A. For meets other than a season-culminating Championship, use Form A. Should Form A be approved by the LSC, it must then be forwarded to the USA Swimming staff leader or designee(s). The request must include a reason and explanation for request.
 - B. For all meets leading directly to a season-culminating championship, use Form B. Form B may be approved by the LSC NTV Officer. (The LSC is responsible for determining whether observation can be properly conducted and will determine which meets will be authorized for observation of swims.) LSC NTV officers shall send the list of these meets and dates to the NTV subcommittee chair.
 - C. Official times for swims in observed meets should be entered within two weeks of the competition into SWIMS by an LSC NTV official or LSC SWIMS officer upon receipt of the following:
 - 1. Complete legible verification requests (if non-electronic results are utilized)
 - 2. Official electronic meet results or printed final results with notations indicating those swims not in compliance with USA Swimming Rules. The designated USA Swimming certified official present must attest to the LSC NTV official that the meet was run in accordance with the minimum criteria listed above. The LSC NTV official may determine that all times for athletes with full legal names and birth dates or USA Swimming ID numbers will be loaded into the SWIMS database without a specific request.
 - D. The time for a relay achieved in a high school meet may be entered into SWIMS for a USA Swimming club provided all four relay swimmers represent the same USA Swimming club at the time of the swim. All four names must be included, and a specific request be made for this manual data entry into SWIMS. Note that some state high school associations may not permit club affiliation, even for relays, during the high school season.
 - E. If an observed meet is receiving blanket observation (all swims observed) individual verification requests may be made after the meet.
 - F. The LSC may choose to load all observed times and relay lead-off splits from observed meets into SWIMS. In this case, the coach can assist in the process by making sure their swimmers are entered into the meet using their full legal names and that the DOBs are provided. If a swim is compliant with USA Swimming technical rules and the meet has received blanket

observation, all swims (unless a disqualification is noted) are valid times. The LSC may establish a fee for entry of observed swim times.

10.0 USA SWIMMING SCHOLASTIC ALL AMERICA PROGRAM

- 9.1. The USA Swimming Scholastic All America Team is comprised of high school student athletes who have a grade point average of 3.5 or higher for academic subjects and no grade lower than a C and have competed in an individual event in the Open Water National Championships, IPC or USPC meets stipulated by the Times and Recognition Committee or have a qualifying result in the SWIMS database during the designated qualifying period. The qualifying period shall be August 16th through the following August 15th. Applications for the just completed academic year will open on June 1 and must be submitted by August 15th, the last day of the qualifying period.
- A. Applicants must have completed 9th, 10th, 11th, or 12th grade.

 - C. Applicants must have participated in an individual event within the qualifying period in a meet whose results are in the SWIMS database or have competed in the Open Water National Championships or the appropriate Disability Championship meet. Achieved times (pool) must meet the qualifying standards posted on the USA Swimming website for the current year. (Member Resources/Awards and Recognition/Scholastic All America)
 - D. Relay-only swimmers do not qualify for SAA.
- 9.2. Awards for Scholastic All America recognition will include:
- A. Three certificates to each individual achieving SAA Status (one for the athlete, one for the school, and one for the USA Swimming club).
 - B. A special award to each individual named to the SAA team three times (four times beginning in 2021).
 - C. Outstanding Achiever recognition to each individual who places first at the USA Swimming National Championships and maintains a 4.0 GPA.

36.0 USA Swimming Measuring and Certifying Competition Pools

Date of adoption / Last revision: March 23, 2021

Thank you for your interest in measuring competitive pools. This document is intended to provide pool measurement background information and measuring protocol to USA Swimming Local Swimming Committees (LSC's), Facility Operators, volunteers, surveyors, and engineers that are considering, or preparing for, pool measurement and certification. The pool measurement requirements and tolerances provided in this document are usable to both professionals and laymen.

This document is divided into 5 parts.

Part 1 is a comprehensive Question and Answers section which will provide you information on the most commonly asked pool certification and measurement subjects.

Part 2 provides an overview of general background information on pool measurement requirements. This section also provides guidelines and suggested protocol for measuring the length of lanes using a portable laser measuring device.

Part 3 provides professional surveying/engineering firms with a suggested protocol to measure lane length using "Total Station" surveying equipment. This section may also be used by volunteers with appropriate engineering or surveying background and knowledge who may wish to commission or undertake a measurement project.

Part 4 is the parts of the USA Swimming Rules and Regulations that are applicable to pool dimensional standards and are provided for ease of reference. It is intended that this part be updated whenever the rules change, however if the version date is more than one year old, the current rules should be referred to either in the printed book or on the USA swimming Web site.

Part 5 is the pool certification form.

As members of the competitive swimming community, we all must embrace the concept of equal competitive conditions for all athletes. In addition, having a certified pool significantly reduces the risk of exceptional performances by athletes being nullified by unacceptable pool measurement being found after the swim.

Please start by looking at the comprehensive Question and Answer section which will provide you information on the most commonly asked measurement subjects.

If there is anything, we can do to help you get your facility on its way to having a competition certified pool please ask.

Sincerely,

USA Swimming – Facilities Development Department

PART 1 – QUESTIONS AND ANSWERS

Questions and Answers - General

Q. I don't see a requirement in the USA Swimming Rule Book to have all pools measured. Does my pool have to be measured in order to host a USA Swimming competition?

A. Although routine measurement and certification is not currently required under USA Swimming rules, it should be considered a best practice to have current certified measurements for all competitive pool on file with USA Swimming. World, American, U.S. Open, and National Age Group Records require that the pool be certified. If the potential record were swum in an uncertified pool and the pool was subsequently measured and found not to meet the length standards, the potential record would not be accepted.

Q. Our facility does not ever host competition where athletes could potentially set records. Why should we get our pool certified?

A. Competitive swimming is based not only on head-to-head competition, but competition against the clock. The USA Swimming Rules and Regulations measurement standards are intended to ensure that swimmers achieving an official time, do so under as close to identical competitive conditions as possible.

Q. What happens if we go through the measurement process and a discrepancy is found?

A. During the comprehensive measurement process, it is possible that a range of issues may be found with the pool. These issues may include one or more lanes not meeting length requirements, starting blocks being too high, backstroke flags being improperly positioned, etc. Some of the "fixes" to these pool specification issues are relatively easy and inexpensive. Other problems can be prohibitively expensive to address. USA Swimming maintains a staff of trained consultants that can help your facility come up with a plan to address the discrepancies.

Q. OK, we measured our pool and some or all of the lanes are about 1" short. It's only an inch.... what's the big deal?

A. One inch may not seem like a large discrepancy. Competitive swimming times are measured in hundredths of a second. Rankings and qualifications for higher levels of competition frequently are determined by .01 second. Consider a 500-yard Freestyle race (20 lengths). Over the course of a race, a swimmer competing in a pool 1" short would be swimming a race 20" shorter than a swimmer in a certified pool. In a 1650-yard Freestyle race, that distance would jump to 66"! For a swimmer capable of swimming 500 yards in 5:00 minutes the advantage would be 0.33 seconds. For a 17:00 minute 1650-yard swimmer the advantage could be 1.13 seconds.

Q. We measure our pool and it comes up short.... now what? Can we still hold our meets?

A. If the pool measures short, it is going to be up to the Local Swimming Committee (LSC) to determine what the status of that pool will be for competitive swimming. The times achieved in a pool that does not meet the minimum length requirements of the rules cannot be put into the database and used for proof of time or athlete recognition programs (National Top 10, National Age Group Records, etc.). A Local Swimming Committee could choose to allow competitions to be held in those pools and use times achieved from that pool to be used for its' purposes – for instance to qualify for meets within the LSC boundaries.

Should an LSC decide to allow competition in non-conforming pools and times achieved in those competitions be used for LSC purposes, it is strongly recommended that the following statement be included in the Meet Information.

“The competition course measurement does not comply with USA Swimming Rule 103.3. Times from this competition will not be loaded into the SWIMS database and will not be used for any USA Swimming proof of time or national recognition program purposes.”

Q. Years ago, our pool was measured and certified. It has been resurfaced twice since then. Do we have to get re-measured?

A. Probably; however, it depends on the pool. If the pool has something resembling a rigid metal wall/gutter ring that was not changed and the pool surface material does not extend past the rigid metal, re-measuring may not be necessary. If the pool has the original gutter tile exposed and the new pool surface does not extend past the original tile, re-measuring may not be necessary. If the original pool measurement indicates sufficient excess length to allow a thin skim coat of surface material, re-measuring may not be necessary. In cases such as these, the projection of the new surface could be checked using a 4 ft long, precision, aluminum builders box level. If, when the level is vertical with 2' 7" below the surface, it does not contact the original pool metal edge or gutter there may be a need to re-measure and recertify. NOTE: If there is any doubt – Re-measure.

It is recommended that re-measurement and recertification by an independent licensed Surveyor or a qualified Professional Engineer in accordance with the guidelines in Parts 3 and 4 be included as a condition in any competition pool resurfacing or refurbishing contract.

Questions and Answers – Measurement

Q. I have heard we have to empty our pool in order for it to be measured. What a waste of water?

A. Pools do not have to be emptied in order to be measured. In fact, depending on the construction type, emptying the pool may result in inaccurate measurement.

Q. Can't we just pull out a tape measure and do it ourselves?

A. Unfortunately, using a tape measure in a pool environment is very complex and difficult and should only be done by a licensed Professional Surveyor. There are issues of tape material, calibration, sag, the effect of temperature on the tape, and the vertical range of certification which makes getting an accurate reading troublesome. Even Professional Surveyors are unlikely to use tapes to measure and certify lane lengths as required by USA Swimming.

Q. I see inexpensive laser measuring devices available at home improvement stores. Can we use them?

A. Probably! Provided the device is acceptably accurate, a suitable measuring protocol is followed, and the certification is supervised and signed off by a licensed surveyor or by a professional engineer who understands surveying and the limitations of the equipment and protocol used. Indoor pools are generally not a problem. Outdoor pools can be difficult to measure during high light situations. Look in Part 2 of this document for more detailed information.

Q. We have a pool with a moveable bulkhead. What are the measurement requirements?

A. Bulkhead pools provide special challenges. After the bulkhead is set in position and AFTER lane lines have been tightened, the lane lengths of all lanes must be verified. Before and after each session, the Referee must verify that the bulkhead pins are still in position. If a potential record time is achieved in a

session of the meet, the lane in which the potential record was set must be measured and attested to by a licensed surveyor or professional engineer before the pool conditions change – including loosening of any lane lines attached to the bulkhead and removal of timing pads.

Questions and Answers – Reporting

Q. Where can I get the forms to fill out for pool measurement?

A. The pool certification forms can be found in Part 5 of this document. The forms can also be found on the USA Swimming Website under: Member Resources/For Everyone/Consulting Services/Facilities then scroll down to What's Related/Pool Certification/Pool Certification Form.

Or ctrl-click on the following link: www.usaswimming.org/_Rainbow/Documents/9d9ba531-331c-4a8f-ad7c-31420805a665/Pool%20Certification%20Form.pdf

Follow the directions for submission. USA Swimming will provide a letter of certification after the documents have been reviewed and accepted.

Q. We are still confused and need help!

PART 2 – LANE LENGTH AND POOL CERTIFICATION

Overview and “Handheld” Laser Measurement

Lane Length

Requirement – 103.3.1

Long Course: 50m (164' 0½")

Short Course: 25 yd or 25m (82' 0¼") Tolerance against length: minus 0mm, plus 30mm (13/16")*

Measurement Range: At all of both end walls in a vertical plane extending 0.3 meters (12") above and 0.8 meters (2' 7½") below the surface of the water.

* Although an “over” tolerance is specified, for most competition it is not an important consideration provided lanes are not excessively long. For a pool to be considered “fast” and for high level meets the length of each lane with touch pads in place should be well inside the “maximum” tolerance, but not shorter than the minimum length.

Practical length certification requirements:

Measurement of each lane strictly in accordance with the above requirement is not realistically possible in operational conditions, however, certification that the length is not less than the minimum requirement can be given by sampling the minimum lane length in at least two locations in each lane by someone who has the training and experience to understand the limitations of the measuring equipment and methodology that is used.

Suggested measurement locations are:

1. The edges of the “T” cross bar on each side of the lane centerline, or,

2. The center line and a fixed distance from the lane divider on one side of each lane and both sides of one of the outside lanes.

Lane lengths may be measured with or without pads in place. If the lengths are measured without pads the thickness of the pad, or pads, must be subtracted from the measured length. As a guide, the thickness of each properly mounted pad varies from 5mm (0.016ft, 3/16") for a thin pad (Daktronics) to 15mm (0.05ft, 5/8") for thick pads (Colorado, Omega).

Note: "Thick" pads, in good condition and mounted properly and flush against the wall, can be 10mm thick.

FINA sets a 10mm thickness limit in their facility rules.

Use of "straight edge" devices that extend 0.8 m (2' 7½") below, and 0.3 m (1') above, the normal water level and set to vertical with a 1:2000 (0.0005 inch per inch or 0.5mm per m) precision bubble level will allow measurement between the furthest projecting points in the vertical line at each end. (See Figure 1)

The length error potential if similarly, precise straight edges are used at each end is between minus (-)1mm and plus (+)1mm. Note: The error potential for "handyman" type levels is more than $\pm 5\text{mm}$ ($\frac{1}{4}$ "); which is not acceptable in "close" situations.

Note: Relative variation from the horizontal or from the perpendicular measuring location at each end in a short course (yd or m) pool of 3" (75mm), or 4" (100mm) in a long course pool, will result in an additive error of about 0.2 mm for each deviation.

The use of laser length measuring devices with a precision of $\pm 0.5\text{mm}$ over 50 m is recommended. The measuring device should be set against a fixed reference point on a stable platform attached to one of the vertical straight edges and aimed at a stable target attached to the other vertical straight edge at the other end. Care should be taken to correct the measurement to adjust for any offsets created by the set up. See Figure 1 and Figures I, Ia, Ib and Ic in Part 3.

Note: The use of steel surveyor's tapes by anyone other than a professional surveyor is not recommended. Steel tape measurement requires a properly calibrated tape, sophisticated corrections for temperature and tension, in addition to the "location errors" noted above, and special field techniques and equipment.

Vinyl, fiberglass, cloth, or any other tapes are not accurate or stable enough for measurement for lane length certification.

Measurement Methodology

Refer to Figure 1 In Part 2 for a suggested methodology for using small laser measuring devices to certify and recertify lanes in a single pool location. This methodology requires a small investment in equipment (laser, levels, and support frame) and training of users, but has little or no cost associated with verification and recertification measurement, particularly if a volunteer surveyor, engineer, or other professional oversees the measurement.

Refer to Part 3 for a suggested methodology for using a "total station" surveying instrument to certify a fixed wall pool or to certify and recertify lanes in moveable bulkhead pools. This method usually requires a professional surveyor and a survey crew and can be expensive if used to recertify lanes in moveable bulkhead pools.

Part 3 also includes suggested adaptations to the equipment for lane length measurement in pools with differing end wall configurations.

Both methodologies require an understanding of the limitations of the equipment being used and the errors introduced into the measurement by the equipment and users.

Reporting

Report the shortest of the measured lengths in each lane to the nearest:

- 1/8th inch (0.01ft, 0.003m, 3mm) for 25 yd pools
- 0.003 m (3mm, 0.01ft, 1/8th inch) for 50m and 25m pools. Preferably report the shortest lane length both with and without touch pads.

Note whether touch pads were in place during measurement or a thickness is assumed. Also note:

- the type of touch pads used or assumed (thick or thin) and,
- any features of the pool that might affect the lane length if touch pads are used, e.g. retaining strips for vinyl liners, bumps or projections into the pool, transitional curves less than 800mm below the surface, etc.

Note: FINA requires end walls of pools and touch-pads, if used, to extend to 0.3 m (1 ft) above the water surface at both ends. USA Swimming and other swimming organizations in the USA do not require the end walls or touch pads to extend above the water surface. USA Swimming, however, considers any projection into the pool in the range 0.3 m above to 0.8 m below the water surface to define the lane length.

Using "Hand Held" Laser Measuring Equipment

Water Depth

Measurement Methodology

Measure Course depth using a stiff, wide metal retracting tape measure (when less than 2 meters) at 1m and 5m from each end and mid length of lanes. Measure each lane in the shallowest location across the full width of the lane. Measure from the water surface level at the time and, if necessary, adjust to the normal water level or overflow control level.

Note: If there are shallower locations between the 1m and 5m transect in each lane measure the depth and note the location and include the information in the report.

Reporting

Report depths rounded down to the nearest 0.1ft (1 ¼") or "greater than 6 ft", if deeper.

Lane Width

Measurement Methodology and Reporting

Measure the width of each lane from lane rope anchor to lane rope anchor at both ends using a stiff, wide metal retracting tape measure. Report the width of each lane (both ends if different) to the nearest 0.1ft (1 ¼").

Starting Platform Height

Measurement Methodology and Reporting

Measure Starting block heights from the water surface to the top front edge of each block that is in place and, if necessary, adjust to the normal water level or overflow control level. Note the location of each starting platform front edge and backstroke start hand grips relative to a vertical projection of the pool end wall or timing pad face.

Reporting

Report starting platform heights to the nearest 0.02ft (¼"). Note any platforms that are deficient:

- too low or too high. Note: max height for m pools is 2' 5 ½" – max for yd pools is 2' 6"!
- front edge or backstroke handgrips project into the pool past the end wall. Also advise owner of any that are significantly back from the end wall.

Backstroke Flag Support Location

Measurement Methodology

Measure the location of the center of each support pole or pole hole, cable, or hook from the nearest end wall with a 5 m (16' 5"), or longer, steel tape.

Reporting

Report the distance from the end wall to the center of each support to the nearest 0.01m (1cm) for m pools and ½” for yard pools.

Note any locations where the supports are more than:

- 50mm (.05 m) from the specified location of 5m from the end wall for m pools, or
- 2” (50 mm) from the specified location of 5 yds for yd pools.

15m Marks

Using a 15 m long steel tape, or other measuring device, mark the 15m locations on the sides of each racing course. Pool operators should be encouraged to make these reference marks permanent so that proper location of 15m markers in each lane can be verified by officials.

Midpoint Rope

In 50m courses note if there are midpoint rope anchor posts or post holes and that they are located 25m from the end walls.

Reporting

Report if the anchors are in place and if they are mis-located by more than 0.1m (10 cm, 4”).

PART 3 – SUGGESTED PROCEDURE FOR MEASURING AND CERTIFYING COMPETITIVE SWIMMING POOLS

A Suggested Procedure for Measuring and Certifying Competitive Swimming Pools for lane lengths using “Total Station” surveying equipment.

Measurement and Certification.

Equipment:

- a surveying “total station” reading angular measurement to 5 seconds, or better, and distances to an accuracy of better than 2 mm (1 mm preferred) over 50 m. Set to read horizontal distance to the center of the prism pole.
- Tripod for the Total Station
- reflecting prism or target
- ft long prism pole
- bubble level with sensitivity better than 10 minutes of arc for 2mm of bubble movement, to “plumb” the prism pole for readings
- wide, retracting, tape measure for measuring lane widths, platform height and pool depth and for setting measuring reference marks
- Metric/imperial (min 15 m long) tape for measuring backstroke flag locations and for measuring or setting 15 m reference marks
- electrical tape or waterproof marker to set reference marks on the prism pole and, possibly, on the pool deck and walls
- notebook to record data

- Portable computer and software (spreadsheet, surveying or other “math”, and word processing) to reduce and present collected data.

Lane Lengths

Measurement may be made either with or without timing touch pads in place.

Measurement Methodology

- Measurement location. There are two options – a) fixed offsets on each side of the lane centerline, or b) the centerline and edge of each lane. The choice will depend on the accessibility to the lane center line if starting platforms are in place.
 - Mark each lane in two locations at each end approximately 0.5 m (18 to 21 inches) each side of the lane center line. Set the marks at the same relative locations, $\pm 25\text{mm}$ (1 inch), at each end of the lane. As an alternative, the outside of the end of lane “T’s” painted on the end walls may be used if they are the same at each end of each lane.
 - Mark the center of each lane and a point approximately 0.1 m (4 inches) just inside the lane divider at both ends of the outside lanes. Choose either the lane 1 or lane 8 side of all the internal lanes for a side mark at each end 0.1 m from the lane divider.
- Mark the prism pole at 0.8m (2’ 7½”) from the non-prism end (ignore any base cone); and again at 1.1m (3’ 7½”) from the end. These reflect the below and above water level lane length measurement limits. See fig. I.
- Set and level the total station on its tripod approximately midway along the length of one side of the pool. Include the appropriate prism offset into the total station setup. See fig. II.
- Select a permanent mark for a reference angle verification backsight and record the angle. The angle will only be used to verify the Total Station setup has not changed during data collection. It is not required for calculations. See fig. II.
- At the first end of lane location have the assistant place the prism pole (with prism) on the first reference location with the 0.8m mark at the water level and set it vertical using the prism pole bubble level. The pole, when vertical, will be set so that one edge is resting on the pool wall closest to the other end of the lane in that location. This may be below or above the water line. See fig. II. If the pole, when vertical, rests on a point more than 0.3 m (one ft) above the water surface, supplemental measurements will need to be taken. See “Notes”.
- When the pole is vertical, use the total station to take the horizontal angle (relative to the total station setup zero) to the center of the prism and the horizontal distance to the center of the prism pole. Record the angle and distance. (Note: Read and record the slope distance and vertical angle if the total station only measures the slope distance. Calculate the horizontal distance for use in the “cosine rule” calculations.) See fig. II.
- Move the prism pole to the second location in the lane and take and record the angles and distances. Repeat the process for each marked location in a circuit around the pool.
- When the circuit is completed, return to the reference mark and verify that the angle is at or close to the initial reading. A variation of less than 10 seconds of arc from the original reading should be acceptable.
- Leave the instrument set up and calculate the length of each lane between the corresponding points at each end using a calculator, proprietary program or spreadsheet developed for the purpose. (See “calculation”, below.)
- If there are major variations in length between lanes, verify the data entry for the lanes in question (typically transposed numbers or incorrectly matched lane locations). Supplemental readings may be required on some lanes if recording of total station data is suspect.

Notes: In some pools there may be projections into the pool that could affect the lane length measurements, such as:

- A curb or coping more than 1 ft above the water surface that project further in to the pool than the general line of the wall. An offset piece 1.1m (3' 7½") long can be clamped to the prism pole to bypass the projection. (See fig. 1a). The width of the offset piece should be added (times 2, if used at both ends) into the lane length calculation. Additionally, starting platforms should be checked to ensure the leading edges line up with the pool end wall; not the edge of the coping.
- A thin retaining strip that holds a vinyl liner in place. These are typically about ¾ inches wide, project about a ½ inch into the pool and extend around the pool about 4" to 8" below the surface. If a touch pad is used it will be moved further into the pool. If a touch pad is not used it is very unlikely to have an impact on the effective length of the lane. Figures 1b and 1c show how these situations can be measured.
- Care should be taken to note any projections into the pool that may affect the placement of touch pads if they'll be used. If a projection will affect pad placement a measurement should be taken over it and the corresponding location at the other end. If it is a small projection, say less than 2 or 3 square inches in area and projecting less than an inch and it will not impact location of a touchpad, it may not need not be measured, but should be noted.

Calculation

The "cosine rule" is used to calculate the distance between the centers of the prism pole at the corresponding locations at each end of the lane. Adjustments are made for the diameter of the prism pole, touch pads and other conditions which affect the measurement. See Figure II.

Reporting

In 25-yard pools lane lengths may be reported in feet to the nearest .01 ft or in feet and inches to the nearest 1/8 inch (0.01 ft). Metric pools must be reported in meters to the nearest 5 mm (3mm is suggested). Report the shortest of any lengths calculated for each lane and the type of touch pads (thick or thin) assumed or used, and if they were in place during measurement.

Figure I

Figure Ia

Figure I b

Figure I c

$L = c + p + \delta - n \cdot t = \text{Lane Length where}$

$c = (a^2 + b^2 - 2 \cdot a \cdot b \cdot \cos(\angle C))^{1/2}$ - "cosine rule"

L = lane length with n touch pads in place.

a = horizontal distance from the total station to the center of the prism pole at one end
b = horizontal distance from the total station to the center of the prism pole at the other end

c = calculated distance between the center of the prism pole at each end of the lane

$\angle C$ = included angle between the readings for a and b which is equal the total station horizontal angle to "b" minus horizontal angle to "a"

p = prism pole diameter

δ = other adjustments – see discussion. Could include Offset Bar widths (-ve).

n = number of touch pads used in the calculation. "n" may be 0, 1 or 2. If touch pads are set in place when the measurements are taken, use n = 0 and include a note indicating the number of pads in place for the measurement.

t = touch pad thickness when in place (determined from face of wall to face of pad)

– when pads are in good condition and mounted properly, t is usually 10 to 15 mm for thicker pad types (Colorado, Omega, etc.) and 4 to 6 mm for thinner pad types (Daktronics).

Any temporary measure(s) imposed by USA Swimming and/or the Center in response to an allegation must be included in the required notification (as described in the following section).

This notification requirement is in addition to any other requirement to report an allegation to the Center and/or law enforcement. Any such notifications shall be submitted by email to athlete.safety@usopc.org.

Sanctions and Temporary Measures

USA Swimming must notify the USOPC's Security & Athlete Safety Office as soon as possible but no later than 24 hours of imposing its own or being notified of Center-imposed sanction(s) and/or temporary measure(s), affecting Participants who USA Swimming knows, or reasonably expects, to:

- be nominated for or selected as a Participant to a USOPC Delegation Event,

The USOPC will assert jurisdiction over any alleged incident of Prohibited Conduct which is reported to have occurred at an OPTC, USOPC Sponsored Event, or a USOPC Delegation Event where the Center has not exercised exclusive or discretionary jurisdiction, and over matters the Center refers to the USOPC. In limited circumstances, the USOPC may elect, in its sole and absolute discretion, to refer the incident and jurisdiction thereof to USA Swimming.

Applicable Policies and Procedures

The USOPC Athlete Safety Policy shall apply and will govern the response and resolution of any allegation for which the USOPC asserts jurisdiction. In instances when the USOPC declines jurisdiction, the USA Swimming shall be responsible for the response and resolution of the allegation according to its own policies and procedures.

Interference/ Restrictions/Enforcement

USA Swimming shall not interfere or attempt to influence the outcome of any Prohibited Conduct investigation regardless of jurisdiction.

USA Swimming prohibits any individual who is an employee, agent, or contractor, from assisting a member or former member in obtaining a new job (except the routine transmission of administrative and personnel files) if the individual knows that such member or former member violated the policies or procedures of the Center related to sexual misconduct or was convicted of a crime involving sexual misconduct with a minor.

If USA Swimming Participant is sanctioned or subject to Temporary Measures under the USOPC Athlete Safety Policy, that sanction(s) or Temporary Measure(s) must be reciprocally enforced by and between all NGBs and LAOs within the Olympic and Paralympic Movement.

Appendix III: Officials' Committee – Apprentice Official

As required by the policy established in the USA Swimming Policy Manual regarding registration of apprentice officials as non-members, apprentice officials need to complete all current membership requirements within 60 days of initiation of training. The 60-day period shall begin on the date he/she first performs his/her on-deck training. Appendix IV: Officials' Committee – National Championship Policy

CRITERIA USED FOR CONSIDERING AN OFFICIAL FOR AN ASSIGNED POSITION AT A NATIONAL CHAMPIONSHIP¹⁸

Criteria considered in determining assigned positions (in random order and not all inclusive):

- Qualified and proficient in the assigned position
- Demonstrated knowledge of the rules and regulations
- Demonstrated knowledge of duties and responsibilities of the assigned position
- Demonstrated integrity and good judgment
- Demonstrated ability to work well with others – “a team player”
- Demonstrated proficiency in position being considered, i.e. CJ, starter, deck referee, admin referee and meet referee
- Committed to all levels of swimming and not just the national or international deck
- Positions worked at National meets during previous years
- Individual evaluations and recommendations
- Geographical balance
- Recommendation of both the USA Officials Chair and USA Swimming as to the Meet Referee and the recommendation of the Meet Referee, the USA Officials Chair and USA Swimming as to the other assigned positions.

Date of adoption / Last revision: Passed May 2011, Board of Directors Meeting

¹⁸ Not all criteria must be met in order to be considered. As with any officiating position, all officials serve at the pleasure of USA Swimming and will be assigned based on what USA Swimming believes is in the best interest of the organization.

Appendix V: Officials' Committee International Championship

CRITERIA USED FOR CONSIDERING AN OFFICIAL FOR AN ASSIGNED POSITION AT A NATIONAL CHAMPIONSHIP¹⁹

Criteria considered for nomination (or re-nomination) as an official for the FINA list (in random order and not all inclusive):

- Age²⁰
- Demonstrated integrity and good judgment
- Demonstrated ability to work well with others – a “team player”
- Demonstrated good communication skills
- Demonstrated proficiency in position considered, i.e., referee or starter
- Committed to all levels of swimming and not just the national or international deck
- Participation at national meets, especially those where application was submitted to work the meet. Appointed meets (Olympic Trials, Pan Pacific Championships, etc.) are not considered.
- Individual evaluations
- Ability to diplomatically and skillfully represent USA Swimming at international events
- Geographical balance
- Recommendation of both the USA Swimming Officials Chair, the International Relations Committee and USA Swimming as well as other appropriate senior members of the USA Swimming community

Items considered when nominating an official for an international assignment (in random order and not all inclusive):-

- Olympics, World Championships, and other FINA events²¹**
 - Currently on a FINA List

¹⁹ Not all criteria must be met in order to be considered. It is the goal of the Officials Committee and USA Swimming generally to place officials on the deck at International and FINA events with the ultimate goal of placing officials on the Olympic and World Championship decks. Accordingly, assignments will be based in part on achieving this goal which may mean that one or more USA FINA officials may be given preference in assignments (out of rotation or seniority). The fact that a person is on the FINA list does not necessarily mean they will officiate at a FINA sponsored meet. Final selection of officials nominated for FINA competitions is the responsibility of the FINA Technical Swimming Committee. Once an official has officiated at the Olympics games, it is understood that they may rotate off the FINA list when their current term expires.

²⁰ Currently FINA has an age limit. If this restriction is ever eliminated, then age will become less of a factor in the selection of officials for the FINA list

²¹ A person being considered for this assignment must still meet those criteria for selection as a FINA official. If for any reason, the Officials Committee, the Officials Chair or USA Swimming do not believe the person meets that criterion, then they may not be nominated for participation at the event even though they may be the most senior FINA official or next in rotation.

- Availability
- Seniority
- Specific needs of the competition
- Recommendation of the Officials Committee
- Previous assignments²²
- Evaluations or comments from previous assignments
- Goals and objectives of the USA Swimming
- Recommendation of both USA Official Committee Chair and USA Swimming
- Participation at National meets.

Other international competitions²³

- Considerations in the NOMINATIONS listing
- Level of participation at national meets
- Nominations do not need to hold current FINA credentials
- Availability
- Specific needs of the competition
- Goals and objective of the USA Swimming
- Recommendation of both the USA Officials Committee Chair and USA Swimming

Date of adoption / Last revision: Passed May 2011, Board of Directors Meeting

²² Other than USA Officials on the TSC, if any official has worked the Olympic Games, he or she may be taken out of rotation and not assigned to any further international meets.

²³ A person being considered for this assignment must still meet those criteria for selection as a FINA official. If for any reason, the Officials Committee, the Officials Chair or VP Operations do not believe the person meets that criterion, then they shall not be appointed, or name submitted for participation at the meet.

Appendix XII: Sanction Review Process – Questions 7 Scenario

The following questions and scenarios have been developed as one means of clarifying the purpose and intent of the Sanction Review Process and the authority of the Zone Sanction Appeal Panel (ZSAP). The ZSAP is intended to be a decision-making entity that is utilized only when all efforts at negotiation and mediation at the LSC level have failed. The ZSAP can side with one or the other party or it can decree a compromise solution. In all cases, the decision of the ZSAP is final.

- 1) A club / organization from outside the LSC requests a sanction from the LSC where the competition is to be held. The outside club / organization is denied a sanction for any number of reasons, but the meet otherwise complies with the requirements for a sanction under Article 202 of the USA Swimming Rules. Can the outside club file a sanction appeal?

Yes. However, it is important to keep in mind that the team requesting the sanction should have made every effort to negotiate with the LSC and follow their guidelines and procedures to a reasonable extent.

- 2) A club would like to offer a meet that does not follow the LSC rules / guidelines for meets that can be offered on a particular non-championship weekend. The club would like to offer a Senior meet that is open to everyone who meets the time standard. The weekend is, by rule, reserved for only AA level competition. So, the Senior meet does not comply with the established LSC rules. Can the club wishing to host the Senior meet file a sanction appeal?

Yes. The host /petitioner can file a sanction appeal. In this situation, the ZSAP could consider the appeal, review the process followed, and make a recommendation to or negotiate with the LSC, but the ZSAP could not direct the LSC to grant a sanction.

- 3) If a member club / organization wants to charge entry fees or a facility fee that differs from LSC guidelines, does the ZSAP have authority to overrule the LSC guidelines?

No. The rulebook specifically states that fees for Senior and Age group competition shall be determined by the LSC.

- 4) The Ohio LSC (Central Zone) borders the Kentucky and West Virginia LSCs (both So. Zone) on the south and the Allegheny Mountain LSC (Eastern Zone) on the east. Which ZSAP holds jurisdiction if a team in WV wants to host a swim meet in Ohio and Ohio denies the sanction request?

The Zone within which the meet would be conducted (in this case, the Central ZSAP) has jurisdiction.

- 5) A popular meet on the LSC meet schedule reached full capacity the day following the entry deadline. One of the clubs whose entries were not accepted quickly organized an alternative meet for their swimmers and other teams whose entries were also turned away. The LSC has denied a sanction for the second meet because LSC policies do not permit another meet on that weekend. Can the team trying to host the alternative meet appeal the negative sanction decision to the ZSAP?

Yes. The host /petitioner can file a sanction appeal. In this situation, the ZSAP could consider the appeal, review the process followed, and make a recommendation to or negotiate with the LSC, but the ZSAP could not direct the LSC to grant a sanction

- 6) An LSC requires that all clubs desiring to bid a meet for the upcoming season must attend the LSC meetings and present their bids in person. The failure to do so means that the club will not be awarded any sanction. If a club from outside the LSC wishes to bid a meet within the LSC and is denied the sanction for its failure to participate at the meeting, does the ZSAP have the authority to review this decision?

Yes. However, it is important to keep in mind that the team requesting the sanction should have made every effort to negotiate with the LSC and follow their guidelines and procedures to a reasonable extent.

- 7) If a sanctioning LSC will only grant a club / team from another LSC a sanction if the meet referee or other key officials are certified by the sanctioning LSC, does the ZSAP have authority to review this decision?

Yes, as long as the proposed meet complies with the requirements for a sanction under Article 202 of the USA Swimming rules. However, the team requesting the sanction should have made every effort to negotiate with the LSC and follow their guidelines and procedures to a reasonable extent.

Appendix XIII: Recommended LSC Times Module Management

All appointments for use of the SWIMS Database for Times are made by the LSC General Chair to the USA Swimming IT Director with copy to the Chair of the Times and Recognition Committee and USA Swimming Times Staff.
